RFD-T-05-18
2018 Draft Operating and Capital Budget Information Report
Donna DeFilippis, Treasurer/Director of Finance

## OVERVIEW:

- Council is presented with a Draft 2018 Operating and Capital Budget which results in a general tax levy of $\$ 6,357,400$, which would result in an approximate increase of $\$ 44.32$ (3.91\%) to the Township portion of taxes to an average homeowner.
- The Draft 2018 Operating and Capital Budget includes the second allocation towards the MURS (Multi-Use Recreational Site) project of \$298,000.
- Every $\$ 59,000$ of additional expenditure added to this Draft Budget equates to a 1\% general tax levy adjustment which represents an $\$ 11.00$ increase in taxes to the average homeowner
- Council is presented with three service level requests which, if approved, would increase the operating budget by $\$ 209,800$ resulting in a general tax levy of $\$ 6,493,400$. This would result in an $\$ 83.23$ (7.34\%) increase to the Township portion of taxes to an average homeowner.
- Budget approval is scheduled for Monday, March 19th (and Tuesday, March 20th, if necessary)

## RECOMMENDATION:

1. That, Report RFD-T-05-18, regarding the "2018 Draft Operating and Capital Budget Information Report", dated February 20, 2018 be received for information; and,
2. That, Council authorize the transfer of $\$ 598,974$ from the Road Settlement Fund Reserve in order to partially finance the following Road Resurfacing Projects:

- Twenty Rd, between Abingdon Rd. and Westbrook Rd.
- Twenty Rd, between RR14 and S. G. Rd 8
- S.Chippawa Rd., between N. Chippawa Rd \& RR14

3. That the Draft budget be presented at the Open House on Thursday, February $22^{\text {nd }}, 2018$.

## BACKGROUND:

Approval of the 2018 Operating and Capital Budget is scheduled to take place on Monday, March $19^{\text {th }}, 2018$. If necessary, Tuesday, March 20th has also been set aside as a budget meeting. The purpose of this report is to give Council an opportunity to review the draft budget prior to the formal budget meeting, and prior to the Public Budget Open House. The detailed final draft budget book will be delivered to Members of Council at the Planning Committee meeting scheduled for Monday, March 12, 2018. The final draft budget book will also be available digitally.

A Budget Open House will be held on Thursday, February 22nd at 7:00pm in the Council Chambers. At the Open House, a presentation outlining the 2018 Draft Operating and Capital Budgets will be made. In addition, there will be an opportunity for the public to ask staff questions regarding the draft budget.

It is important for Council to realize that every $\$ 59,000$ increase or decrease in the tax funded budget equates to a 1\% general tax levy adjustment. The increase in the amount needed from the tax base does not directly relate to an increase in taxes on a residential home, but rather it is the increase in the overall tax levy required year over year. Every $\$ 10,000$ of expenditure added to this budget will result in approximately a $\$ 1.85$ increase in taxes. This information should assist Council in understanding the estimated effects of the draft budget as presented and alternatively how adjustments to the amount needed from the tax base impacts the average residence.

Council is reminded that this budget is being presented using the Township's new chart of accounts structure. The 2018 budget is the first financial report being presented to Council in this format. In 2017, while staff implemented a new Financial Software platform a complete re-design of the Chart of Accounts was also undertaken. This redesign was necessary to align all of the various reporting requirements the Township has and will also provide more detailed information going forward. However, for 2018 only, prior year comparisons on a line-by-line basis is challenging. Therefore, staff will be providing details as to the significant driving factors impacting the 2018 budget, as opposed to a detailed variance analysis that was provided in the past. Again, this will only be the case for the 2018 budget, going forward, detailed variance analysis will be delivered.

## CURRENT SITUATION:

This section of the report will highlight key differences or general information as it relates to the operations of the Township and items funded from operating revenues. The

[^0]
## PAGE 3

increase in the general tax levy results in an estimated \$44.32 (3.91\%) increase to the lower tier taxes paid by an average homeowner. This figure includes the second allocation towards the MURS project totalling $\$ 298,000$. The 2018 levy requirement of $\$ 6,357,400$ represents a $7.83 \%$ increase over the 2017 levy. However, assessment growth results in a portion of the tax levy increase not impacting the actual taxes paid by property owners. For the 2018 budget assessment growth is estimated at $\$ 222,000$ (3.8\%). This means that of the $\$ 461,400$ increase in the required tax levy, the first $\$ 222,000$ of that increase does not increase the taxes paid by property owners.

The chart below highlights the impact of growth on the tax levy:

|  | 2018 | 2017 | $\$$ Change | \% Change |
| :--- | :---: | :---: | :---: | ---: |
|  |  |  |  |  |
| General Levy Requirement | $\$ 6,357,400$ | $\$ 5,896,000$ | $\$ 461,400$ | $\mathbf{7 . 8 3 \%}$ |
|  |  |  |  |  |
| Less: Assessment Growth | $\$ 222,000$ | $\$$ | - | $\$ 222,000$ |
|  |  |  |  |  |
| Net Levy Requirement | $\$ 6,135,400$ | $\$ 5,896,000$ | $\$ 239,400$ | $\mathbf{4 . 0 6 \%}$ |

## Municipal Tax Bill:

The municipal tax bill has three portions which need to be explained. The municipality collects taxes for itself, the Niagara Region, and the School Boards. The Township has no control over the Region or School Board rates. We bill, collect and then remit their portions to them. In 2017, the portion of the total tax billing related to the Township's budget was approximately $31 \%$, the Regional portion was $54 \%$ and Education was $15 \%$. This distribution has not varied significantly over past years. The chart below highlights the allocation of taxes.

"The Township of West Lincoln will be a community that values our heritage, preserves our environmental and natural resources, fosters entrepreneurial spirit and provides excellent quality of life"

At the time of preparation of this report, the 2018 Niagara Region tax rates have not been determined, however, the Region has approved a $2 \%$ tax increase. However, it is likely that the increase in Regional taxes to the average homeowner in West Lincoln will be higher than $2 \%$ given the fact that West Lincoln's assessment growth relative to the other Niagara Municipalities assessment growth is on the high end. This results in West Lincoln paying a proportionately higher amount of Regional Taxes. For the purpose of this report, it is being assumed that Niagara Region taxes will actually increase 3\%. The education rates for 2018 have been released from the Province. The Residential Education rate is .00170000 in 2018 as opposed to .00179000 in 2017.

The draft budget presented to Council proposes a general municipal tax levy increase of $7.83 \%$ which is an increase in net tax revenue requirements of $\$ 461,400$ year over year. This equates to an estimated annual increase of approximately $\$ 44.32$ to the West Lincoln portion of taxes for an average assessed home (not including the urban service area charges for sidewalk and streetlights). In 2017, the average home in the urban area paid $\$ 75.00$ for streetlight and sidewalk services. The 2018 Draft Budget is indicating that the amount paid for streetlight and sidewalk services for an average homeowner will be $\$ 80.00$ annually. The 2018 budget has a total urban service area levy of \$186,900 compared to a total levy of $\$ 165,000$ in 2017. The increase in the 2018 budget is attributable to higher allocations for program support, in particular, staffing costs and corporate insurance. In prior year budgets, the allocation to the Sidewalk budget was not reflective of its proportionate share of the Township's total infrastructure costs and insurance costs. Any changes to the urban sidewalk or urban streetlight budgets will alter the amount above.

An important factor in determining the impact of the tax levy to homeowners is to determine the average residential assessment. In 2017, the average residential assessment was $\$ 326,794$, whereas in 2018 it is $\$ 345,042$. The 2018 figure will be used in any analysis into the impacts of the budget to homeowners. This average assessment is for a single detached residential property.

The chart below is an estimate of the impact of all three taxing authorities to the average homeowner in 2018. Please note that the chart below is based on the 2017 tax ratios. Any changes to the tax ratios made in 2018 will impact the residential tax rate. Tax ratios are established by the Upper Tier municipality after consultation with the Lower Tier municipalities. At the time of preparation of this report, there has been some discussion regarding adjustments to the Multi-Residential Tax Ratio which currently has a weighting of 2.00. If the ratio is reduced for this tax class, the residential tax class will see an increase.

[^1]PAGE 5

|  | 2018 Total Taxes 2017 Total Taxes |  |  |  | \$ Change |  | \% Change |

|  |  |  |  |  |  |  |  |

## Service Level Changes:

The chart below highlights three service level changes to be discussed as part of the 2018 Budget deliberations. Schedule B to this report provides the detailed justification sheets related to each request. The chart below outlines the impact individually and in total if all three requests are approved. Again, the impact to taxes is based on an average assessed home of $\$ 345,042$. Please note that prior to any service level requests, Township taxes are estimated to increase by $\$ 44.32$ or $3.91 \%$. If all of the service requests were approved, these figures would change to $\$ 83.23$ or $7.34 \%$ respectively.
It is important to note that the analysis below looks at the annual impact of these service level requests.

|  | Impact to <br> Operating Fund |  |  |  |
| :--- | ---: | ---: | ---: | ---: |
| Request | Addition to <br> Average Taxes <br> Paid | Resulting <br> overall tax <br> increase |  |  |
| Addition of 2 Truck Drivers | $\$$ | 164,000 | $\$$ | 30.41 |
| Increased Allocation for CIP (Community Improvement Program) | $\$$ | 40,000 | $\$$ | 7.42 |
| Addition of a new Bylaw Officer | $\$$ | 5,800 | $\$$ | 1.08 |
| Total |  |  |  | $4.59 \%$ |
|  | $\$$ | $\mathbf{2 0 9 , 8 0 0}$ | $\mathbf{\$}$ | $\mathbf{3 8 . 9 1}$ |

## OPERATING BUDGET ANALYSIS:

The following section highlights some specific items and departmental operations.
"The Township of West Lincoln will be a community that values our heritage, preserves our environmental and natural resources, fosters entrepreneurial spirit and provides excellent quality of life"

## PAGE 6

## General Revenues:

In 2018, the Township will take advantage of two positive impacts to its general revenues. The Ontario Municipal Partnership Fund (OMPF) has increased to \$954,800 in 2018, resulting in an increase in revenue of $\$ 82,400$. The Township receives funding from the OMPF through two allocations: Rural Communities Grant and Northern and Rural Fiscal Circumstances Grant. The Rural Communities Grant recognizes the unique challenges of municipalities with rural farming communities. The 2018 Payments in Lieu (PIL) have a higher amount budgeted of approximately $\$ 319,000$ compared to prior year. This is a result of a correction to the sharing provisions with the upper tier and education.

Offsetting these positive revenue items is a decrease of \$55,000 in penalty revenue and a decrease of $\$ 25,000$ in investment revenue. Penalty revenue is being decreased since staff's efforts in collections is resulting in less properties in arrears. Investment revenue is being reduced as the Township will be using reserves and development charges to fund Capital projects, thus lowering the amount of funds available for investment.

Also included in General Revenues is the anticipated contribution from the Wind Turbine Community Fund. These funds are directly transferred into the Wind Turbine Community Fund Reserve under the General Expenditure area of the budget, resulting in no impact to the budget. The funds will be used to fund the MURS debt repayment as previously approved by Council.

In 2018, the Urban Service Area Tax Levy revenue for Street lights and Sidewalks will be reported within the appropriate operating budget, it is no longer part of General Revenues.

## General Expenditures:

It is wise financial planning to ensure that adequate balances are available within the Township's reserves. The 2018 Draft Budget includes the following contribution to reserves under General Expenditures:

Capital Reserve: $\quad \$ 112,300$
Technology Reserve: \$ 15,000
Facility Reserve: \$56,200
The amounts being transferred to the above three reserves are following the guidelines set out in the Township's Reserve Policy.

Also included under General Expenditures is the first re-payment towards the MURS debt totalling \$512,600. In February 2018, The Township will receive $\$ 15$ million as the first debenture drawn for this project. The first payment of interest and principal will be due in August 2018. The remaining amount of the debt will be requisitioned closer to project completion.

The difference between the total MURS requisition in the levy of \$581,600 and the amount

[^2]required for the debt repayment of $\$ 512,600$, being $\$ 69,000$ will be transferred to the Facility Reserve so it is available for future debt payments.

Additional reserve transfers are made within specific departmental budgets.

## Departmental Budgets:

As indicated earlier in this report, it is difficult to provide a line by line analysis of variances in operating budgets year over year due to the changes implemented with the new chart of accounts. This section of the report will highlight to Council the more significant items driving the 2018 Budget.

## Library Services:

The transfer to the Library Reserve has increased by $\$ 38,700$, with the 2018 budget requesting a $\$ 50,000$ increase to the Library Reserve. In addition, pay equity salary adjustments have resulted in an approximate increase to the Library budget totalling $\$ 43,000$. Finally, Bill 148 has impacted this budget due to the mandated increase in minimum wage, resulting in a $\$ 10,000$ increase. The above three elements, totalling $\$ 91,700$ are the major contributors to the increase in the Library operating budget.

## Recreational and Cultural Services:

This service area has also been impacted by Bill 148's provision to provide a higher minimum wage and the changes to the calculation of Statutory Holiday pay. For Recreational Programming the impact is $\$ 22,000$ and for Parks the impact is $\$ 8,000$ for a total of $\mathbf{\$ 3 0 , 0 0 0}$.

## Storm Sewer:

The Storm Sewer service area is a new operating budget that is being included in the 2018 budget with a total budget of $\$ 112,300$. A portion of that amount $(\$ 63,700)$ which represents rural storm sewer maintenance was budgeted for under Roads Maintenance in previous years. The remaining amount of $\$ 48,600$ represents Urban Storm Sewer maintenance costs. In the past, allocations were not being made to this critical service area of the Township.

## Equipment Reserve:

An increase has been made to the Transfer to the Equipment Reserve. This reserve has been increased to $\$ 350,000$ from $\$ 237,000$ for a total increase of $\mathbf{\$ 1 1 3 , 0 0 0}$. This increase is necessary if the Equipment and Rolling Stock capital expenditures within the ten year capital plan are to be properly funded. This cost is allocated between various service budgets within Transportation Services, Environmental Services and Recreational and Cultural Services.

## Fire Service:

The transfer to the Fire Reserve has been increased to $\$ 300,000$ from $\$ 250,000$ resulting in a $\$ 50,000$ increase to the Fire Operating Budget. The Fire Service budget has also

[^3]
## PAGE 8

faced pressure as a result of a proposed new servicing agreement with the City of St. Catharines for the annual maintenance fee for new radios. This has increased the Fire Service budget by $\$ 30,000$. The above two adjustment total $\$ 80,000$.

## Bridges:

The transfer to the Bridge Reserve has been increased to \$130,000 from the 2017 transfer of $\$ 55,600$, resulting in a $\$ 74,400$ increase to the Operating Fund. This increase in the transfer to the Bridge Reserve is necessary to ensure adequate funding for future Capital works.

The above factors total \$437,700 which represents a 5.90\% increase over the 2017 operating budget. If the above items are removed, the overall operating increase would be $\$ 75,200$ or a $1 \%$ increase over the 2017 budget, which is within the guidance set by Council.

## CAPITAL AND SPECIAL PROJECT BUDGET ANALYSIS:

Schedule C and D represent both Capital and Special Projects requested for 2018. Schedule E is the summarized ten year Capital Plan.

For 2018, we are categorizing capital between Tangible Capital Assets (TCA) which the Township will capitalize and depreciate and Special Projects. Special Projects are often referred internally to as capital, however, they do not meet the definition of TCA and thus are listed separately.

Schedules C and D indicate a total expenditure of $\$ 4,607,300$. Of that total, $\$ 132,000$ is being funded through the Operating Fund. Any changes to those projects funded through the Operating Fund will have a direct impact to the tax levy.

Report RFD-T-02-18, "2016 Asset Management Plan" presented to Council on January $28^{\text {th }}$, 2018 recommended a $3.6 \%$ increase to the asset replacement allocation which would mean an additional $\$ 202,000$ allocation to asset replacement in the 2018 budget. The 2018 budget as presented to Council includes a $\$ 236,800$ increase to asset replacement via increases to the Bridge, Fire and Equipment Reserves.

The 2018 Capital and Special Projects presented to Council are presenting a challenge to the level of reserves available to fund both current and future capital. Below is further discussion regarding those reserves that are under pressure.

## Bridge Reserve:

The estimated uncommitted closing balance as of December 31, 2017 in the Bridge Reserve is $\$ 89,000$. The 2018 budget has an additional allocation to the Bridge Reserve of $\$ 130,000$ which is an increase of $\$ 73,800$ over the 2017 allocation, resulting in an uncommitted reserve of $\$ 219,000$ at the end of 2018. The 2018 budget requires a transfer

[^4]
## PAGE 9

from the Bridge Reserve of $\$ 196,350$. Looking over the next ten years, the requirement from the Bridge Reserve from 2018 to 2027 totals $\$ 3,729,750$. In order to meet these requirements the annual contribution to the Bridge Reserve should be approximately $\$ 370,000$. Staff has increased the transfer to $\$ 130,000$ as a first step to meet the required funding level. It is likely that debt issuance will have to take place in order to finance the future Bridge Works.

## Fire Reserve:

The estimated uncommitted closing balance as of December 31, 2017 in the Fire Reserve is a negative balance of $\$ 19,300$. The 2018 budget has a transfer to the Fire Reserve of $\$ 300,000$ (an increase of $\$ 50,000$ over 2017). Based on the requested projects in the 2018 budget, the Fire Reserve closing balance at the end of 2018 would be in a negative balance of $\$ 359,160$. Looking ahead, 2019 requires a draw of $\$ 507,000$ and 2020 would require a draw of $\$ 468,000$ from the Fire Reserve. Based on annual contribution of $\$ 300,000$, the reserve will continue to be in negative position with a negative balance of $\$ 556,160$ projected for 2019 and a negative balance of $\$ 734,160$ projected for 2020. If expenditure occurs at this rate, the Township will be required to borrow internally from other reserves in order to have the cash flow available to purchase these items. Over the years of 2021 to 2023, the other reserve would be paid back leaving a balance in the Fire Reserve of $\$ 62,840$. In 2024, there is a planned replacement of the Aerial Truck that will have to be financed through a debenture issue. Staff is recommending that if Council approves internal borrowing, that the Industrial Park Reserve which has an estimated closing balance at the end of 2017 of $\$ 883,000$, be utilized.

## Equipment Reserve:

The estimated uncommitted closing balance as of December 31, 2017 in the Equipment Reserve is $\$ 487,400$. The 2018 budget also has a transfer to the Equipment Reserve of $\$ 350,000$ which is an increase of $\$ 113,000$ over the prior year transfer of $\$ 237,000$. This increase has been made due to the demands over the next ten years on the Equipment Reserve. A total requirement of $\$ 4,943,500$ will be needed over the next ten years. In order to provide full funding, this allocation should be closer to $\$ 400,000$ annually. The projects in the 2018 Capital Budget require a draw upon that reserve of $\$ 471,700$, which will leave the reserve in a positive balance at the end of 2018.

## Capital Reserve:

The estimated uncommitted closing balance as of December 31, 2017 in the Capital Reserve is $\$ 689,000$. The 2018 budget includes a contribution to the Capital Reserve of $\$ 112,300$ resulting in a balance of $\$ 801,300$ at the beginning of 2018. The 2018 Capital and Special Projects budgets require a transfer of $\$ 1,123,574$ from the Capital Reserve. Looking over the next ten years, the total requirement from the Capital Reserve would be $\$ 8,354,134$. In order to meet that demand, the annual contribution to the Capital Reserve would have to be approximately $\$ 770,000$. It is likely that debt issuance will be necessary in order to complete all of the projects in the ten year capital plan.

[^5]Included as projects that require funding from the Capital Reserve are three RoadSurfacing Projects totalling $\$ 810,000$ with a $\$ 598,974$ requirement from the Capital Reserve. The three projects are as follows:

| Project | Total Cost |
| :--- | :--- |
| Twenty Rd, between Abingdon Rd. and Westbrook Rd. | $\$ 370,000$ |
| Twenty Rd, between RR14 and S. G. Rd 8 | $\$ 70,000$ |
| S.Chippawa Rd., between N. Chippawa Rd \& RR14 | $\underline{\$ 370,000}$ |
| Total | $\$ 810,000$ |
|  |  |
| Revenue Source | $\$ 38,500$ |
| Development Charges | $\$ 172,526$ |
| OCIF Grant | $\$ 598,974$ |
| Capital Reserve | $\$ 810,000$ |

Staff is recommending that a transfer be made from the Road Agreement Settlement Reserve for $\$ 598,974$ to fund the above three road projects. There would be a remaining balance in that reserve of approximately $\$ 864,000$ after this recommended transfer.

## INTER-DEPARTMENTAL COMMENTS:

Department Heads have all been involved in the creation of their own budget documents. Department Heads worked with their staff to send in initial budget plans which have undergone some change through meetings with the Treasurer and Acting CAO to get to the final draft document as presented to Council.

## CONCLUSION:

It is concluded that the 2018 Draft Operating and Capital Budgets be accepted by Council as information. In addition, it is recommended that a transfer from the Road Agreement Settlement Reserve of $\$ 598,974$ to fund three road surfacing projects be approved. A Budget Open House will be held on Thursday, February $22^{\text {nd }}$ at 7:00 pm. Two dates have been set aside for discussion and approval of the 2017 budget: Monday, March19, 2018 at $6: 30 \mathrm{pm}$ and Tuesday, March 20, 2018 at 6:30 pm, if necessary.

SERVICE AREA
SERVICE CHANGE

## Transportation Services

Staffing Level Change Request - Roads

JUSTIFICATION

Public Works is requesting a staffing level change, being the addition of two (2) truck driver positions to manage the increased service level demands associated with the significant growth experienced by the Township as well as increased regulatory requirements. Those regulatory requirements include but are not limited to the new Provincial Legislation that regulates minimum operational service delivery (Provincial Minimum Maintenance Standards (MMS), O.Reg. 232/02) and numerous water regulations.

The addition of the two positions will provide the required resources to properly address road and sidewalk infrastructure as well as sub-surface infrastructure works (ie. water, sewer, drainage, guard rails, etc.).

It is important to note that the current compliment of 8 full time operators has not increased in many years although demands are continually increasing. It is very difficult to maintain current service levels and we are dealing with deficiencies during all seasons. It is noted that water department staff often have to work for the roads department to meet the demands which takes them away from their duties and we are often called upon to assist other departments.

Staff advises that given the significant growth that the Township's road network has experienced, at minimum, an increase of two (2) full-time truck driver positions is required to address the operational requirements for the public works department.

The analysis below is based on the annualized costs. A Mitigating factor is that Transportation Services has a new Revenue Stream called Road Allowance License of \$88,000

| Department | Increase | Impact |
| :--- | :--- | :--- |
|  |  |  |
| Transportation Services | $\$ 164,000$ | Increase to the Tax Levy. |

SERVICE CHANGE Hiring of New Full Time By-Law Enforcement Officer

JUSTIFICATION
The ability for both by-law enforcment and building inspection to be conducted by the same resource has been challenged and is effecting the provision of service in these areas. To address these challenges thus ensuring that mandatory service levels are met in both areas of jurisdiction an additional human resource is required to divide the work thus allowing for both primary functions, building and by-law enforcement, to be handled appropriately. Through the addition of the new enforcement officer position the necessary time can be spent resolving enforcement matters while leaving the building inspector to conduct the mandated construction inspection as required through the building code act.
This position will only be added when it is determined as necessary in order to maintain proper service levels. The need will be monitored and hiring will only take place once an increased need is evident.

BUDGET IMPACT The analysis below is based on the assumption that a new ByLaw Officer would be in a similar salary grid as the Building Inspection position. In addition, the analysis below has been annualized.

| Department | Increase | Impact |
| :--- | :--- | :--- |
| Building Inspection | $\$$ | Decrease to Building Department Reserve <br> which may lead to increase in Building |
|  |  | 73,400 |
| Department User Fees |  |  |$|$| ByLaw Enforcment |  |  |  |  |  |
