

DATE: January 17, 2022
REPORT NO: T-02-2022
SUBJECT: **2022 Draft Operating and Capital Budget**
CONTACT: Donna DeFilippis CPA CA Director of Finance

OVERVIEW:

- Council is presented with a Draft 2022 Operating and Capital Budget which includes a general base tax levy of \$8,512,170 which represents a 3.98% levy increase over 2021 after factoring in assessment growth
- The increase in the West Lincoln portion of the total tax bill is estimated at \$53.77, with an additional increase of \$8.52 for the special hospital levy, for a total annual increase of \$62.29, on average
- The hospital levy is proposed at an amount of \$125,800, which is an increase of \$50,500 over 2021
- The overall tax bill, which includes all three taxing authorities, is projected to increase by 3%
- This draft budget supports \$6,200,250 in Capital and Special Projects, including investments of \$1,025,000 in Bridge Infrastructure and \$2,620,000 in Road Infrastructure
- This draft budget supports approximately \$20 million in operating expenditures funded by a combination of property taxes, user fees, grants and reserve transfers
- Every \$80,500 of additional expenditure added to this draft budget equates to a 1% general tax levy adjustment, which represents a \$13.96 increase in taxes to the average homeowner. Alternatively, every reduction of \$80,500 would result in an approximate decrease of \$13.96 to the average homeowner
- For budget purposes, a value of \$386,000 represents the average assessment for a single family detached home. MPAC (Municipal Property Assessment Corporation) is basing assessment on 2016 market values
- Budget approval is scheduled to be held on February 22, 2022 at 6:30 pm at the regularly scheduled Administrative Committee Meeting, with an additional date set for February 23, 2022 at 6:30 pm, if required
- A Budget Open House is scheduled for February 2, 2022 which provides further engagement opportunities for the public

RECOMMENDATION:

1. That, Report T-02-2022, regarding the “2022 Draft Operating and Capital Budget” dated January 17, 2022 be received for information.

ATTACHMENTS:

- **Schedule B** 2022 Draft Operating Budget by Department
- **Schedule C** 2022 Reserve Transfers
- **Schedule D** 2022 Ten Year Capital Plan – Summary
- **Schedule E** 2022 Ten Year Capital Plan – Expenditure Detail
- **Schedule F** 2022 Ten Year Capital Plan – Funding Detail
- **Schedule G** 2022 Capital and Special Projects – Detail
- **Schedule H** 2022 Capital and Special Projects – Summary
- **Schedule I** 2022 Budget Survey Results

ALIGNMENT TO STRATEGIC PLAN:

Theme #1 and #6

- Strong Transportation Connections – Building safe, connected and well maintained infrastructure networks.
- Efficient, Fiscally Responsible Operations – Maintaining a lean organization with innovative approaches and strong asset management.

BACKGROUND:

Approval of the 2022 Operating and Capital Budget is scheduled to take place on Tuesday, February 22, 2022. If necessary, Wednesday, February 23, 2022 has also been set aside as a budget meeting. The purpose of this report is to give Council an opportunity to review and discuss the draft budget prior to the formal budget meeting.

This draft budget will also be presented at the Budget Open House that is scheduled for February 2, 2022. The Budget Open House provides an informal setting for the general public to learn about the 2022 budget and ask questions to staff. To further provide an opportunity for public engagement, a Budget Survey was conducted in November 2021, with the detailed findings found in **Schedule I** to this report. We received 158 responses to the Budget Survey and all details, including comments, are included in **Schedule I**. Those that responded to the survey have provided observations on various services provided by the Township. It is staff’s hope that the Budget Open House provides further clarification on some of the comments made by residents.

Budget information is also provided within OpenBook which can be accessed through the Township website on the “Budgets and Finances” page. Budget data is provided in an easy to navigate and understand format, utilizing graphs and maps.

Council is asked each year to approve an Operating and Capital budget which is developed and presented by staff. The 2022 budget includes approximately \$20 million of

operating expenditures and approximately \$6.2 million in Capital and Special Project expenditure. These expenditure items are funded through user fees, grants, reserve transfers and the tax levy. One of the key outcomes of the budget process is the establishment of the required tax levy and ultimately the tax rate which will be levied on properties in West Lincoln.

Property owners in West Lincoln receive a tax bill from the Township that includes taxes levied by the Township, Niagara Region and Education. In 2021, the allocation between these three authorities is reflected below:

It is important for Council to realize that every \$80,500 increase or decrease in the tax funded budget equates to a 1% general tax levy adjustment. The increase in the amount needed from the tax base does not directly relate to an increase in taxes on a residential home, but rather it is the increase in the overall tax levy required year over year. Every \$80,500 of expenditure added to this budget will result in approximately a \$14 increase in taxes paid for an average residential home assessed at \$386,000. This information should assist Council in understanding the estimated effects of the draft budget as presented and alternatively how adjustments to the amount needed from the tax levy impacts the average residence. The average value of \$386,000 is based on MPAC (Municipal Property Assessment Corporation) data and is reflective of 2016 market values.

CORPORATE STRATEGIC PLAN:

On December 16, 2019, the Township of West Lincoln Council approved “Respecting Our Roots, Realizing Our Future,” a new Corporate Strategic Plan that will guide decisions and investments to 2029. The plan is structured around the following six themes:

Respecting Our Roots, Realizing Our Future

1. Strong Transportation Connections – Building safe, connected and well maintained infrastructure networks.
2. Support for Business, Opportunities for Residents – Creating a positive image and a community where it is easy to do business.
3. Strategic, Responsible Growth – Welcoming new residents and businesses and respecting the heritage and rural identity that people value.
4. Local Attractions – Providing amenities, programs and services that bring the community together.
5. Community Health and Safety – Fostering a safe community where residents can thrive throughout their lives.
6. Efficient, Fiscally Responsible Operations – Maintaining a lean organization with innovative approaches and strong asset management.

Throughout the budget documents, the relevant themes will be highlighted where appropriate, so that Council and members of the West Lincoln community can see the correlation between the budget and the approved strategic plan.

CURRENT SITUATION:

The 2022 draft base budget requires an overall tax levy of \$8,512,170. However, assessment growth results in a portion of the tax levy increase not impacting the actual taxes paid by property owners. For the 2022 budget, residential assessment growth is estimated at \$137,000 (1.70%). This means that of the \$457,330 increase in the required tax levy, the first \$137,000 of that increase does not increase the taxes paid by property owners. In 2021, assessment growth was \$97,000 or 1.29%. The estimated impact to the total tax bill based on an average assessment of \$386,000 is as follows:

	2022 Total Taxes	2021 Total Taxes	\$ Change	% Change
Assessment	\$ 386,000.00	\$ 386,000.00	\$ -	0.00%
Municipal	\$ 1,475.74	\$ 1,421.97	\$ 53.77	3.78%
Hospital	\$ 21.81	\$ 13.29	\$ 8.52	64.11%
Urban Service Area	\$ 76.85	\$ 79.26	-\$ 2.41	-3.04%
Total Township	\$ 1,574.40	\$ 1,514.52	\$ 59.88	3.95%
Region	\$ 2,523.63	\$ 2,450.13	\$ 73.50	3.00%
Education	\$ 590.58	\$ 590.58	\$ -	0.00%
TOTAL	\$ 4,688.61	\$ 4,555.23	\$ 133.38	2.93%

Staff is projecting that the overall tax bill for a property in the Urban Service Area of

Smithville would see an overall tax bill increase of 2.93%. A property in other areas of West Lincoln would see an overall tax bill increase of 3%. There is a small difference as the Urban Service Area Special Charge is projected to decrease in 2022 as compared to 2021.

Urban Service Area Special Charge:

The 2022 Draft Budget includes an Urban Service Area levy of \$192,840 (\$192,530 in 2021). The Urban Service Area levy is a special levy collected in the Urban Serviced Area of Smithville and funds the cost of streetlights and sidewalks (including sidewalk snow removal) within this designated area. Although the levy is increasing by 0.10%, the actual taxes paid will be reduced in 2022 as a result of assessment growth. Staff is estimating that the Urban Service Area taxes paid for 2022 will be \$76.85, compared to \$79.26 in 2021, a reduction of \$2.41 or 3%.

OPERATING FUND ANALYSIS:

The increase in the base levy from 2021 to 2022 is \$457,330. The budget process that the Finance Department undertakes includes a line by line review of each revenue and expenditure line. In many cases, expenditures were kept at 2021 levels or were increased by 2%. However, in some circumstances increases in excess of 2% were required. Mitigation efforts were applied where applicable. **Significant items** contributing to the increase in the base levy are as follows:

- 1) **\$80,000 increase** to the Capital Reserve to fund the debenture repayment related to Capital Project 1024-Paving of Vaughan Road. This project is budgeted at \$1.3 million and is funded through a debenture issuance of \$958,500 and a transfer from the Road Settlement Agreement of \$341,500. The \$80,000 transfer to the Capital Reserve represents the annual estimated repayment to be made on the \$985,500 debenture. Staff is using the assumption of a 20-year serial debenture at a rate of 3.2%. This project is for the hard-topping of Vaughan Road from Caistor Gainsborough Townline Rd to Wellandport Road.
- 2) **\$74,000 increase** to the transfer to the following reserves: Capital \$20,500, Facilities \$9,500 and Technology \$4,000. These increases are necessary to meet the requirements of the Township's Reserve Policy. The Planning Reserve is increasing by \$30,000 and the Cemetery Reserve is increasing by \$10,000, both directly as a result of the projects within the Ten-Year Capital Plan.
- 3) **\$71,600 increase** to the Equipment Reserve. The Equipment Reserve is used to fund the purchase of equipment and rolling stock within the Roads and Parks and Recreation Department. The proposed 2022 transfer is \$440,000 which represents a \$71,600 increase over the 2021 transfer of \$368,400. This increase is required in order to meet the requirements within the Ten-Year Capital Plan and represents an increase of 19.44% over 2021's contribution. These assets have seen significant increases in costs over the past few years and staff is forecasting that the transfer to this reserve will have to increase by approximately 10% each year in the future.

- 4) **\$50,700 increase** to compensation within the Corporate Services Department. This increase is the result of annualizing the Communication Assistant position at a cost of \$26,700. This is the additional cost in 2022 to budget for a full year for this position whereas in 2021, only a half year was budgeted. In addition, the GIS and Asset Management Coordinator Position is funded through the tax levy at 67%, whereas in 2021, it was funded at 50%, for an additional cost of \$24,000.
- 5) **\$28,300 increase** to compensation within the Parks and Recreation budgets. Both of these departments have been impacted by the increase in minimum wage to \$15.00 an hour effective January 1st, 2022, from the previous amount of \$14.35 an hour. In addition, the Parks Department has budgeted for an increase to seasonal staffing hours in order to maintain the appropriate level of service as additional assets are acquired and require maintenance. The new playground at the Caistorville Library and the new park and playground that will soon be installed on Dennis Drive will increase the workload on staff. Staff have increased the part-time parks department hours by 1,280, from 4,240 to 5,520. The recreation department has budgeted for additional summer camp staff, with a total cost of approximately \$11,930, offset partly by an anticipated increase in summer camp revenue of \$5,000, for a net cost of \$6,930.
- 6) **\$25,800 increase** in corporate insurance costs within various budget lines. Based on review of current market conditions within the insurance field, staff have increased costs by approximately 18% or \$46,800. Staff have mitigated this increase by transferring \$21,000 from the Insurance Reserve, for a net cost of \$25,800.
- 7) **\$25,000 increase** to Repairs and Maintenance within the Roads Department to allow for increased preventative maintenance of the paved road network.
- 8) **\$19,000 increase** to the Fire Reserve designated as funds towards the repayment of the debenture issue required for the Replacement of Fire Station #2. In 2021 there was an additional \$38,000 allocated towards this item and in 2023 the plan is to increase the transfer to the reserve by an additional \$20,000. The total allocation towards the debt repayment is estimated to be \$77,000. Staff is estimating that the completion of the Fire Station #2 Replacement will require issuance of a 20-year serial debenture of \$942,600
- 9) **\$18,880 increase** to consulting within the Roads Department to address the requirement to conduct on-going road need assessments.
- 10) **\$17,950 increase** to compensation within the Fire Department. This represents the cost of increasing the volunteer firefighter compliment of staff at Station 2 by 4. The current compliment is 16 volunteer firefighters.
- 11) **\$17,350 increase** in the Library Budget as a result of compensation adjustments related to Public Service Assistants (formerly called Pages). The Library Board has budgeted for a \$2/hour increase to this position and is being proposed to reflect

market conditions and address staff retention issues.

12) **\$14,000 increase** to External Transfer to Non-Profit within the Corporate Services Department. This represents the first contribution towards the McNally House expansion. Representatives from McNally House requested a total contribution of \$70,000 payable over 5 years. The resolution below was from the July 26, 2021 Council Meeting:

8.1 *McNally House Hospice - Expansion Project - Additional Information*

- (1) *That, the letter dated July 21, 2021 from Murray Bain and Debbie Zimmerman, Campaign Co-Chair, McNally House Hospice, which provides new additional information relating to the McNally House Hospice Expansion project be received; and,*
- (2) *That, the request for financial assistance of \$70,000 over 5 years (\$14,000/year) be referred to the Township's 2022 Budget for further deliberation and consideration.*

The above items total \$442,580 and are the significant items impacting the 2022 budget, along with general inflation costs, estimated at approximately \$120,150.

There are two significant mitigating factors that offset the above increases:

\$63,100 increase in OMPF (Ontario Municipal Partnership Fund). This funding from the Province of Ontario recognizes the challenges that rural municipalities such as West Lincoln face in terms of limited property assessment. The total grant received in 2022 is \$989,000.

\$42,300 decrease in the transfer to the Winter Control Reserve. Having followed the Township Reserve Policy for several years by transferring the recommended amount to the Winter Control Reserve, this reserve is now at its target balance. Contributions can be reduced, resulting in a reduction in expenditure.

In 2020, Council approved a project to conduct a Pay Equity/Market Equity Non-Union Compensation Review. The final results of this review were presented to Council at a Special Council meeting held on November 17, 2021. The following resolution was passed:

1. *That, Confidential Report No.CAO-03-2021, dated November 17, 2021, regarding "Non-Union Salary Review" be received; and,*
2. *That, Council endorse and approve the 2021 Non-Union Salary Grid (Attachment A) and that the implementation be deferred to the 2022 Budget process.*

The 2022 budget includes the implementation of the approved Non-Union Salary Grid with a transfer from the Contingency Reserve of \$168,690 to fund the costs, with no impact on the tax levy.

Unfortunately, the COVID-19 Pandemic continues to impact the world and the 2022 budget includes budgeted expenditures of \$98,050 related to the Township’s response to the pandemic and Provincial orders. These expenditures are funded through a transfer from the Contingency Reserve. It is important to note, that although the transfer is from a Township reserve, the funds that were transferred to the reserve initially are from the Province of Ontario’s 2021 COVID-19 Recovery Funding for Municipalities program. Staff continue to track and monitor the financial impacts of the Pandemic and will inform Council if at any point Provincial funding is not sufficient to cover Township costs.

The overall levy increase is \$457,330, which is offset by growth of \$137,000 for a net increase after growth of \$320,330, or 3.98% increase over 2021. Staff is confident that this levy request will ensure that services and programs that are reflected in the Township’s Strategic Plan will continue and thrive. The net increase is still below inflation, which is currently at 4.7%.

Staff have **deferred** the following two requests to the 2023 budget. Council may recall that these were also indicated as requests in the 2021 budget.

- \$90,000 towards the hiring of a Human Resource Advisor
- \$50,000 towards increasing the reserve for CIP (Community Improvement Plan)

LEVY FOR WEST LINCOLN MEMORIAL HOSPITAL (WLMH)

A new levy was introduced in 2021 for funding the Township’s share of the West Lincoln Hospital new build. The total cost of the project is estimated at \$200 million, with the local municipalities (West Lincoln, Lincoln and Grimsby) responsible for \$21,650,000. Based on 2021 Household data, West Lincoln’s total share is estimated at \$4,524,850 and will most likely be required to make this contribution in 2024. West Lincoln had \$1,250,000 available in its Hospital Reserve and requires the issuance of a debenture to make up the shortfall of \$3,274,850. Staff is assuming that a 20-year serial debenture will be required. The following chart outlines the required hospital levy over the years of 2021 to 2025, with 2025 being the year that staff anticipate the first debenture payment would be due.

WLMH Levy Requirement			
Year	Total Levy		Levy Change
2021	\$	75,300	\$ 75,300
2022	\$	125,800	\$ 50,500
2023	\$	176,300	\$ 50,500
2024	\$	226,800	\$ 50,500
2025	\$	277,000	\$ 50,200

The overall local municipal requirement has been reduced to \$21,650,000, it was estimated at \$27,400,000 at the time of 2021 budget deliberations. This has resulted in a decrease in the annual levy increment.

WATER AND WASTEWATER (SANITARY SEWER):

The Township’s Water and Wastewater expenditures are funded 100% through user fees. The expenditure budget for these two service areas in 2022 is \$2,015,560 for Water and \$2,354,540 for Wastewater for a total of \$4,370,100 being funded through Water and Wastewater fees. The expenditures include transfers totalling \$606,430 to the Water and Wastewater reserves in order to ensure adequate funding for future capital works.

The 2022 budget is proposing a 5% increase to the water and wastewater rates effective July 1, 2022, except for the wastewater consumptive rate which would increase by 2%. This increase is based on the Water and Wastewater Rate Study and Financial Plan presented and approved by Council in report T-25-2020. As this rate change would be effective July 1, 2022, the impact would be on the September 2022 and December 2022 billings. The water consumptive rate would increase to \$1.55 from \$1.48 and the fixed quarterly rate for a ¾ service would increase to \$43.53 from \$41.45. Bulk water would see its per cubic meter rate increase to \$2.10 from \$2.00. The wastewater consumptive rate would increase to \$1.89 from \$1.86 and the fixed quarterly rate for a ¾ service would increase to \$100.34 from \$95.56.

To put the consumptive rates in perspective, a 500ml bottle of water is often purchased for \$1.00; based on the new proposed consumptive rates, that same 500ml bottle of water could be filled up from the tap 581 times for the same price. The impact to an average quarterly water bill is outlined below:

Impact of Proposed Water & Wastewater Rates					
Based on an average consumption of 45 cubic meters per quarter, or 180 cubic meters annually					
Quarterly Charge					
		July 2022	Current		
Water Consumptive		\$ 69.75	\$ 66.60		
Sewer Consumptive		\$ 85.05	\$ 83.70		
Water Base		\$ 43.53	\$ 41.45		
Sewer Base		\$ 100.34	\$ 95.56		
Total		\$ 298.67	\$ 287.31		

The quarterly utility bill for an average consumption of 45 cubic meters will increase by \$11.36 or 3.9%.

DEBENTURES:

The 2022 budget includes \$1,371,020 of expenditures related to the payback of principal and interest for the following debentures issued by the Township:

Existing Debentures				
Description	Principal	Interest Rate	Term(years)	Maturity Date
Bridge 12	\$ 289,466	3.16%	10	02/15/2028
Rec Center, Draw #1	\$ 15,000,000	3.53%	30	02/15/2048
Rec Center, Draw #2	\$ 4,000,000	2.80%	30	12/19/2049
2021 Road Rehab	\$ 350,000	2.63%	15	12/22/2036
2021 Road Hardtopping	\$ 550,000	2.63%	15	12/22/2036
	<u>\$ 20,189,466</u>			

The budget also includes a request to approve the issuance of a \$985,000 debenture to partially fund the \$1.3 million project to hard-top Vaughan Road. The budget includes an increase of \$80,000 to the tax levy to finance the pay-back of this debenture. In compliance with the Township’s Capital Financing and Debt Management Policy POL-T-02-2021, an analysis of the impact this new debt will have on key financial indicators will be presented to Council as part of final 2022 Budget Approval.

CAPITAL BUDGET:

Attached to this report are **Schedules D to H** that outline the proposed Capital and Special Projects for 2022, as well as the Ten Year Capital Plans. Projects totalling \$6,200,250 (51 projects) are planned for 2022. Over the ten years of the plan, from 2022 to 2031, a total of \$76.5 million is budgeted for. Below are some highlights of 2022 projects:

Bridges & Culverts

A total of \$1,025,000 is budgeted for in 2022 for two projects: \$1 million for the rehabilitation of Pearson Bridge, with half of the funding provided by the Township of Wainfleet as this is a shared asset and \$25,000 for a condition survey in regards to future works planned for the Campbell Bridge.

Cemeteries

A total of \$40,000 is budgeted for in 2022 for two projects: \$10,000 for benches and waste receptacles and \$30,000 to conduct a cemetery ownership review. Also, based on the ten-year capital plan for cemeteries, the transfer to the cemetery reserve has been increased by \$10,000 in 2022 to a contribution of \$40,000 in 2022 from \$30,000 in 2021.

Corporate Management

A total of \$233,400 is budgeted under Corporate Management. This amount includes a

\$60,000 project to replace roof shingles at the Township Hall Building and \$60,000 to undertake a new Development Charge Background Study. The Finance Department is requesting \$24,000 to complete several department digitalization projects. Another project to note is a request of \$42,000 to complete an environmental site assessment for the Township owned property located at 5490 Vaughan Road E.

Fire

A total of \$895,500 is budgeted for in 2022, with the most significant item being a request for an additional \$800,000 to complete the re-build of Fire Station 2. The original budget approved for this project in 2020 was \$1.9 million. Based on the unprecedented increase in construction costs that has recently taken place, staff is estimating that the actual cost will be approximately \$2.7 million to complete. The overall financing of this project is as follows:

• Debenture	\$ 942,600
• Development Charges	\$ 714,400
• Wind Turbine Community Fund	\$ 663,000
• Canada Community Building Fund (Gas Tax)	\$ 340,000
• Fire Reserve	\$ 40,000
Total	\$2,700,000

Library

A total of \$79,550 is requested for various equipment and for additions to their printed and audio visual collection.

Parks

A total of \$71,500 is requested, with \$24,000 towards the replacement of a progressive mower deck and \$40,000 towards new LED lights at the Leisureplex Baseball Diamond.

Planning

A total of \$190,500 for six projects is requested by the Planning Department. These projects include \$62,500 for a Smithville and Township Trails and Corridors Master Plan and \$50,000 for a Natural Environment Enhancement Review. The transfer to the Planning Reserve has been increased to \$155,000 from \$125,000 in 2021. This increase is required in order to ensure adequate funding is available for the Planning projects outlined in the Ten Year Capital forecast.

Recreational Facilities

A total of \$170,000 is included in the Capital Budget for projects related to the Township’s recreational facilities. This includes \$80,000 for fencing at Leisureplex, \$40,000 for the replacement of the Abingdon Hall Septic System, \$30,000 for a Community Hall Service Delivery Review and \$20,000 to replace the furnace at Wellandport Hall.

Roads Paved and Unpaved

\$2,620,000 for the following projects:

Abingdon Rd: - From: Concession 5 Rd To: Sixteen Rd	\$ 260,000.00
South Grimsby Rd 18: - From: RR 20 To: Young St	\$ 275,000.00
Concession 4 Rd: : Silverdale Rd To: Hodgkins Rd	\$ 285,000.00
South Chippawa Rd: - From: RR 2 (Caistorville Rd) To: Abingdon Rd	\$ 500,000.00
Vaughan Rd - Hardtop Gravel Rd From Caistor Gainsborough to Wellandport Rd	\$ 1,300,000.00

The funding for the above road work is as follows:

- Debenture \$958,500
- Canada Community Building Fund (Gas Tax) \$738,000
- OCIF Grant \$450,000
- Road Settlement Reserve \$341,500
- Development Charges \$132,000

Traffic Operations and Roadside Maintenance and Transportation Services

\$581,000 is budgeted in this area, with the most significant item being the replacement of a grader at a cost of \$550,000.

Environmental Services

\$293,800 in Water and Wastewater projects, with the largest being \$200,000 towards the Wastewater inflow and infiltration reduction program.

On a summarized basis, the 2022 Capital Projects are funded as follows:

Funding from Reserves	\$ 2,430,350.00
Canada Community Building Fund	\$ 1,250,000.00
Debenture	\$ 958,500.00
OCIF	\$ 619,500.00
Municipal Grants	\$ 500,000.00
Development Charges	\$ 438,900.00
Donations	\$ 3,000.00
	\$ 6,200,250.00

The Province of Ontario has increased its investment in the Ontario Community Infrastructure Fund (OCIF). West Lincoln’s 2022 grant has increased to \$619,500 from \$272,700 in 2021. The Province is also re-designing the grant formula, with details to be shared later in 2022. The calculation of the grant will be based on the following:

- core infrastructure owned by municipalities, including roads, bridges, water and wastewater
- the municipality’s economic conditions

Starting with 2023 OCIF allocations, a municipality’s core infrastructure will be calculated using either Current Replacement Values (CRVs) or estimated CRVs for eligible core infrastructure categories. Replacement values are one of the core

principals of asset management and differs from the traditional financial reporting of assets at historical cost. The 2022 allocation has been distributed as follows:

\$169,500 towards the Pearson Bridge project and \$450,000 towards the South Chippawa Road project.

INTER-DEPARTMENTAL COMMENTS:

Department Heads worked with their staff to send in initial budget plans which are then reviewed and discussed with the Treasurer and CAO resulting in the final draft document as presented to Council. The Library Board approves the budget submitted for the Library.

CONCLUSION:

The 2022 Draft Operating and Capital Budget presented to Council is a collaboration between all Township departments and is focussed on realizing the goals outlined in the Township's Strategic Plan. Staff recommends that this report be accepted by Council as an item of information and for review and discussion prior to the Final Budget meeting scheduled for February 22, 2022.

Prepared & Submitted by:

Donna DeFilippis, Director of Finance

Project Summary

1085 - Finance Department Digitalization

Project Number	1085	Title	Finance Department Digitalization	Lock Status	Unlocked
Asset Type	IT Project	Department	Corporate Management		
Start Date	2022-01-01	Completion Date	2022-12-31	Year Identified	2022
Manager		Partner			

Description This is a request to fund the hiring of two temporary staff positions in 2022 which will more than likely be fulfilled through the hiring of students or interns. We are requesting this assistance in order to complete several key projects: Virtual City Hall (a citizen self-serve platform) and the digitalization of financial statements, audit working papers and the FIR (Financial Information Return). Virtual City Hall is in direct response to what our customers have been asking for - access to their Property Tax and Water Accounts on-line. This will provide the platform to access this information and is directly linked to our Financial Software System. Staff will also be implementing Caseware software in order to implement the digitalization of the financial reporting tasks outlined above. Once completed, staff will then have time to focus on new regulations and legislation impacting the department. In addition to the two temporary hirings, consultant fees will be paid to oversee the implementation of the Caseware Software.

Justification The Township's Community Strategic Plan outlines that the Township is a lean organization that uses sustainable, innovative approaches and partnerships to streamline processes, deliver services and manage infrastructure assets. Included as a long-term initiative is the desire to develop streamlined customer service to ensure the Township continues to achieve responsive resolution of requests as volumes increase and to explore innovative systems and approaches to scale service delivery as the community grows. The digitalization of Finance Department processes is in response to the requests made by our customers and will also allow staff to continue to serve the community efficiently as growth occurs. In addition, the digitalization of processes will free up staff time to concentrate on the impacts that new regulations, legislation and growth impacts are and will be having on the Finance Department. Staff overtime will be reduced which will improve the mental well-being of staff.

Strategic Plan Theme Efficient, Fiscally Responsible Operations

1086 - Environmental Site Assessment - 5490 Vaughan Rd E.

Project Number	1086	Title	Environmental Site Assessment - 5490 Vaughan Rd E.	Lock Status	Unlocked
Asset Type	Corporate Study	Department	Corporate Management		
Start Date	2022-01-01	Completion Date	2022-12-31	Year Identified	2022
Manager		Partner			
Regions					
Description	Phase 1 and 2 Environmental Site Assessment for 5490 Vaughan Road East, Wellandport				
Justification	5490 Vaughan Road is owned by the Township and was previously used by the Township as a Maintenance Building and Storage Yard. It was later used by a firm specializing in the freezing of pre-manufactured tool components. In 2002 Site Assessments were conducted that identified levels of Electrical Conductivity, Sodium Absorption Ratio, Metals and Hydrocarbons at various locations on the property. 20 years have now passed and an up to date Site Assessment will provide more accurate condition information. It will also provide an estimate of any potential clean-up costs. This is critical information that is necessary before any decisions can be made regarding the future use of this property. Furthermore, the Township's auditors have suggested a current assessment be performed to determine a more accurate estimate of the cost to remediate the land, which will ensure that the financial statements are transparent; this will also ensure the Township is in compliance with applicable Public Sector Accounting Standards.				
Strategic Plan Theme	Efficient, Fiscally Responsible Operations

Project Summary

177 - Development Charge Study

Project Number	177	Title	Development Charge Study	Lock Status	Unlocked
Asset Type	Corporate Study	Department	Corporate Management		
Start Date	2022-01-01	Completion Date	2028-12-31	Year Identified	2020
Manager		Partner			

Description Completion of a Development Charge Background Study and preparation of a new Development Charges By-Law.

Justification Development Charges are one-time fees paid by both new residential and non-residential properties to help pay for a portion of the growth-related capital requirements. The Township currently has a Development Charges By-Law that was approved effective July 15, 2019. The current By-Law is set to expire 5 years from that date, being July 2024. However, given the significant impact the proposed change to the Urban Boundary will have on growth related capital requirements staff is recommending that an update to the current background study and By-Law be moved forward to 2022. It is expected that completion and implementation would take place in 2023.

Strategic Plan Theme Strategic, Responsible Growth

Project Summary

1083 - Replacement of Station #2 Building

Project Number	1083	Title	Replacement of Station #2 Building	Lock Status	Unlocked
Asset Type	Building	Department	Fire		
Start Date	2022-01-01	Completion Date	2022-12-31	Year Identified	2021
Manager		Partner			

Description
The Fire Station #2 building was constructed in 1958 as a Public Works yard. This building became available for Fire Station #2 in June 1995 and the fire service took over the first two truck bays. With a few renovations, the building was turned into a Fire Station to house 15 firefighters and two fire trucks. Fire Station #2 has been there now for over 25 years (25th Anniversary in 2020).

Justification
With the building being 62 years old, it has reached its life expectancy. In the 2020 Capital Budget, \$1.9 million was budgeted for the Station #2 Building replacement. An architect for the project was engaged in 2021 and the Township has now determined that the project cost is higher than the original budget approved. It is estimated that an additional \$800,000 is needed to fund this project. This is because of the following reasons: a cost analysis was done by Raimondo & Associates, costs of construction and materials has gone up approximately 35 to 40%. we are hoping that construction cost will be a little lower in the spring of 2022.

Strategic Plan Theme
Community Health & Safety

Project Summary

56 - Bunker Gear

Project Number	56	Title	Bunker Gear	Lock Status	Unlocked
Asset Type	Fire Gear	Department	Fire		
Start Date	2022-01-01	Completion Date	2031-12-31	Year Identified	2020
Manager		Partner			
Regions					
Description	Replace 10 sets a year - bunker gear reaching end of life.				
Justification	Bunker gear wears out in approximately 5 years. The protection of the firefighter is reduced as the equipment ages to the point that at 5 years it is generally recognized that it needs to be replaced. We have 47 bunker suits. At 10 suits per year at a cost of \$2,000 per suit, this will allow 10 sets to be replaced annually.				
Strategic Plan Theme	Efficient, Fiscally Responsibility Operations

Project Summary

581 - Equipment & Gear for 4 Additional Firefighters

Project Number	581	Title	Equipment & Gear for 4 Additional Firefighters	Lock Status	Unlocked
Asset Type	Fire Gear	Department	Fire		
Start Date	2022-01-01	Completion Date	2022-12-31	Year Identified	2020
Manager		Partner			

Regions

Description To outfit the four new firefighters with gear and equipment.

Justification It was recommended in the 2016 Fire master plan to increase Station #2 by adding 4 firefighters to its complement to help with response times and with the increase in the growth of the Municipality. Staff are recommending adding 6 firefighters to the Station #1 complement to help with with the daytime responses that we have recognized as being short staffed during daytime hours. With this capital project being growth related, it is 100% funded by development charge funding and will not effect the tax levy. The 2022 budget includes the purchase of an additional four units to meet the needs of the anticipated 2022 hiring of 4 additional fire-fighters.

Strategic Plan Theme Community Health and Safety

Project Summary

1001 - TWL-ID-B23 Pearson Bridge - Boyle Rd

Project Number	1001	Title	TWL-ID-B23 Pearson Bridge - Boyle Rd	Lock Status	Unlocked
Asset Type	Bridge	Department	Bridges & Culverts		
Start Date	2022-01-01	Completion Date	2022-12-31	Year Identified	2020
Manager		Partner			

Regions

Description Major Rehabilitation of Pearson Bridge located on Boyle Road, 0.90km south of East Chippawa Road. Bridge is approximately 60 metres in length.

Justification This is a shared bridge with the Township of Wainfleet and project expenses will be shared 50/50. A bridge condition survey was completed in 2013 and the report recommended a complete deck rehabilitation within 5-10 years. This project was previously tendered in 2019 as part the Bridge Rehab project, but due to budget constraints, it was removed from the project. Work is still to be completed as soon as possible.

Strategic Plan Theme #1. Strong Transportation Connections

Project Summary

1024 - Vaughan Rd - Hardtop Gravel Rd From Caistor Gainsborough to Wellandport Rd

Project Number	1024	Title	Vaughan Rd - Hardtop Gravel Rd From Caistor Gainsborough to Wellandport Rd	Lock Status	Unlocked
Asset Type	Surface Treatment	Department	Roads Paved and Unpaved	Year Identified	2021
Start Date	2022-01-01	Completion Date	2022-12-31		
Manager		Partner			

Description Hard Topping of Vaughan Road (Caistor Gainsborough Townline Rd to Wellandport Rd [RR27]). Total length is 6.71 km.

Justification These sections of existing gravel roads were identified in the 2019 Road Needs Study as a candidate to be hard topped, as was also approved by Council. These serve as connecting roads between higher traffic roads of Caistor Gainsborough Townline Rd, Port Davidson Rd., and Wellandport Rd. Work involves hard topping of the existing gravel road. Work will include double surface treatment for entire section except between Wellandport Rd and Krick Rd which will receive full width Recycled Asphalt Pavement (RAP) and a single surface treatment. Additional work includes culvert replacements and base repairs where necessary.

Strategic Plan Theme #1. Strong Transportation Connections

245 - Grader Replacement

Project Number	245	Title	Grader Replacement	Lock Status	Unlocked
Asset Type	Grader	Department	Transportation Services-General	Year Identified	2020
Start Date	2022-01-01	Completion Date	2022-12-31		
Manager		Partner			
Regions					
Description	Motor Grader for maintaining gravel roads throughout the year.				
Justification	Volvo Grader RD 30013 was purchased in 2004. The Grader experiences a high rate of repairs, the body and mechanics of the Grader are decaying, which will prove difficult to keep roadworthy. The Grader is at its useful life expectancy and now requires replacement. This is a crucial piece of equipment that helps to maintain the stone roads and shoulders in the summer and is used for ice blading and snow removal in the winter. The Township has approximately 133 km of stone roads that require two Graders to maintain them properly and within ministry standards.

Start Date	2022-01-01	Completion Date	2022-12-31		
Manager		Partner			
Regions					
Description	Resurfacing of South Chippawa Road (RR2 to Abingdon Road). Total length is 2.54 km.				
Justification	This section of South Chippawa Rd. was identified in the 2019 Roads Needs Study as a priority for a minor rehabilitation. Some of the road edges are in poor condition, and the binder in the existing tar and chip has "flushed" significantly which could cause slick conditions in hotter temperatures. Work includes restoring road edges with Recycled Asphalt Pavement, and a single surface treatment over the entire road. Additional work includes culvert replacements and base repairs where necessary.				
Strategic Plan Theme	#1. Strong Transportation Connections

Regions					
Description	Bridge Condition Survey in 2022. Bridge structure is approximately 17 metres in length. If guardrails are included in project then project extends to approx. 80m.				
Justification	From the 2021 OSIM Inspection report, Campbell Bridge was identified as a full rehabilitation within 1-5 years to extend it's service life. The condition survey is required to identify work required for the design phase and construction in the following years of the Capital Budget Forecast.				
Strategic Plan Theme	#1. Strong Transportation Connections

713 - Signs - New & Replacement

Project Number	713	Title	Signs - New & Replacement	Lock Status	Unlocked
Asset Type	Signs	Department	Traffic Operations & Roadside Maintenance	Year Identified	2020
Start Date	2022-01-01	Completion Date	2029-12-31		
Manager		Partner			
Regions					
Description	Road signs throughout the Municipality				
Justification	Street and Traffic Signs are purchased throughout the year as required. Road signs are regulated and need to be changed on a regular basis. The Town is in need of replacing many signs to be within Provincial standards. Therefore this budget is needed to rectify damaged and old signs that are a liability to the Township. As per the Township's Tangible Capital Asset Policy, this expenditure is to be capitalized.				
Strategic Plan Theme	#1 Strong Transportation Connections #5 Community Health and Safety

Project Summary

420 - Water Meter Replacement Program

Project Number	420	Title	Water Meter Replacement Program	Lock Status	Unlocked
Asset Type	Water Meters	Department	Water	Year Identified	2020
Start Date	2022-01-01	Completion Date	2031-12-31		
Manager		Partner			
Regions					
Description	Water meters for replacing old meters.				
Justification	As water meters get older, their accuracy diminishes. Newer meters have radio technology, which allows them to be read remotely. Older meters do not have radio technology and must be read manually. As part of the ongoing effort to reduce non revenue water loss, the Township replaces old meters to ensure that we are keeping up with technological advances in relation to metering and also to replace old, damaged, leaking or broken meters.				
Strategic Plan Theme	#6 Efficient, Fiscally Responsible Operations				

Scenario Details

Budget Year	2022	Name	420 - Water Meter Replacement Program: Main	Lock Status	Unlocked

500 - Inflow & Infiltration Reduction Program - Remedial Works

Project Number	500	Title	Inflow & Infiltration Reduction Program - Remedial Works	Lock Status	Unlocked
Asset Type	Operating Program	Department	Wastewater	Year Identified	2020
Start Date	2022-01-01	Completion Date	2025-12-31		
Manager		Partner			

Description Remedial work to reduce Inflow and Infiltration within the Sewer system. This is a multi-year program.

Justification The Township is in a multi year program to reduce the Inflow and Infiltration into our sanitary sewer system. The last two years have been spent doing studies to locate I&I issues with the intent to correct the deficiencies. The treatment of storm water in the sanitary system is very expensive and creates future issues for development. In order to develop areas within the sanitary system, it is necessary to eliminate I&I to increase capacity within the current system. This budget will be used for remedial efforts to address deficiencies that have been located from the previous studies.

Strategic Plan Theme #6 Strategic, Responsible Growth

Description	Provide perimeter fencing and gates at the Leisureplex location				
Justification	Due to vandalism and property damage, staff have been blocking off driveways and the existing gates to limit access to the Leisureplex during the off seasons. Vehicles have still been able to access the property and cause damage. Fencing will allow staff to better control access for the property while mitigating possible damage.				
Strategic Plan Theme	#4 Local Attractions

Regions					
Description	Replace existing HVAC system at Wellandport Hall				
Justification	The HVAC system at Wellandport Hall is past it's life expectancy and is not energy efficient. To prevent future HVAC issues and increase energy efficiency, staff recommends replacing the current system with a new efficient model. Previous repairs and costs have made this project a priority. This project was identified in our 2019 building assessment review.

518 - Caistor Community Centre - Septic Bed Replacement

Project Number	518	Title	Caistor Community Centre - Septic Bed Replacement	Lock Status	Unlocked
Asset Type	Building - Other	Department	Recreation Facilities		
Start Date	2022-01-01	Completion Date	2022-12-31	Year Identified	2020
Manager		Partner			
Regions					
Description	Replace existing septic system				
Justification	Current system is in need of replacement and updates. The Township has applied for a grant application, totaling \$500,000, under the Community Building Fund (Ontario Trillium Foundation) to replace the existing septic system, to construct an outdoor facility that will include washrooms / snack bar / equipment storage, and to construct trails connecting all the features at this site. If the funding is successful this budget will not be required. If the funding is not successful, staff is recommending that the septic bed replaced be included in the 2022 budget.

Description A 55 inch TV to be installed in the Board/meeting room at the Caistorville location.

Justification This large screen TV will replace an outdated smart board at our Caistorville location. This installation will allow us to provide the same service here as in both Wellandport and Smithville. An opportunity for the community, Township staff and library to use to provide presentations and programming.

Strategic Plan Theme Theme #4: to support programming that is relevant to the community's needs.

Regions					
Description	Parking study (parking needs analysis) of Downtown Smithville.				
Justification	Downtown Smithville has seen a lot of changes over the decades. As Smithville grows into the future and as we attempt to maintain a vision for Smithville with a focus on protective downtown, the Master Community Plan work should result in an identified focus of downtown.				
	With that focus established, then a parking needs analysis of downtown would be helpful before the Township starts selling off land(s) and/or permitting numerous intensive developments.				
	Based on anticipated use types we should be able to identify on and off street parking requirements to help sustain, support and grow the downtown business community.				
	Discussions with the Chamber of Commerce staff resource has occurred and she is supportive of this approach.				
Strategic Plan Theme	Support for Business and Employment Opportunities for Residents Strategic, Responsible Growth

Description	Review of Natural Environment Enhancement in relation to the Master Community Plan/Urban boundary Expansion process.				
Justification	The Smithville Master Community Plan/Urban Boundary Expansion process has had 3 plus Public Information Centres (PIC's) where the community has advised on numerous occasions of their interest in increasing environmental area/green space in Smithville. Potential restoration areas are identified, but it is not clear how the implementation should occur.				
	This study will determine the best practice strategy to increase environmental area during planning approvals.

Description	Expand and update Smithville and Township wide Trails and Corridors Master Plan				
Justification	It is time to expand and update our Smithville and Township Trails and Corridors Master Plan to benefit the whole of the Township. This should dovetail with the Smithville Trails and Corridors Plan, completed in 2009, and with neighbouring Trail Plans and Regional Plans.				
	This should be prepared right after the Smithville Master Community Plan work is finished and before developers try to prepare Secondary Plans and/or block plans and leave the Township with the unplanned remnant pieces.				
	The estimate cost to expand and update the current Trails and Corridors Master Plan is \$125,000.00. The funds will be requested over two years- 2022 and 2023

Q5 In 2021, the average assessment for a residential property in the Township of West Lincoln was \$382,397. Property taxes totaled \$4,434 for such a property, with the urban area of the Township paying an additional \$79 for sidewalks and streetlights, for a total of \$4,513. The Township keeps 33% to provide municipal services, or \$1,422 and \$1,501 respectively. Overall, how would you rate the value you are receiving in municipal services from your tax dollars?

#	RESPONSES	DATE
1	There are some areas in which money is being spent that do not add to the quality of life in the town. I would be more interested in seeing more funding for infrastructure and less on non-essential projects. Further, property development charges should be reviewed with a view to increasing them to pay for the increased infrastructure costs that their development will incur.	11/29/2021 6:39 PM
2	Our gravel road is often in poor shape. When they grade it to fill in the "pot" holes it makes it impossible to walk on due to the gravel surface.	11/28/2021 11:21 AM
3	As a multigenerational and community tax dollars appear to be directed to a variety of services. Essential in this growing community.	11/25/2021 7:17 AM
4	Rural roads like ours need attention.	11/24/2021 11:01 AM
5	Wish grass trimmings would be collected as in other areas, since we are trying to avoid weeds to maintain good curb appeal . Would have loved a public pool in the community centre that was added for more children development such as swimming	11/24/2021 9:32 AM
6	Need more recreation programs at the West Lincoln Community Center. Not just drop in. Instructional programs for children all ages. Built this beautiful facility with little money to invest in programs. Open on Sundays. Of course these are pre-covid comments.	11/23/2021 4:25 PM
7	We live in the country. Our tax dollars are almost double vs the mean and our services are more then cut in half. Our road (south grimsby rd 7) is a dirt road with significant pot holes that form every three weeks. It should be tar'd and chipped!	11/18/2021 4:33 PM
8	Excellent	11/17/2021 8:50 PM
9	Some areas better than other.	11/17/2021 1:06 PM
10	Rural Roads are in bad shape.	11/16/2021 9:16 PM
11	What are the municipal services?	11/16/2021 8:01 PM
12	We would like to see the promised Wellandport streetscaping be implemented. We are grateful for the improvements (completed and planned) for the Wellandport Community Centre. We are grateful for the sidewalk plowing in our hamlet. We would like better pedestrian connectivity and safety in Wellandport, ESPECIALLY between the NE corner of intersection of Regional Roads 27 and 63 over the bridge to Collver Road AND along the east frontage of the new gas bar. Overall, we need to demand more cycling infrastructure from Niagara Region, for local bike commuters and for tourism. We need to do everything we can to establish, provide, and promote active transportation.	11/15/2021 12:10 PM
13	Rates are higher here than other houses we had. Find things that are not required (to an extent) have been done	11/15/2021 10:04 AM
14	I live in a 2 bedroom bungalow and my taxes are over \$6000, I feel I pay more than my share.	11/14/2021 6:29 PM
15	One of the highest portions of taxes paid goes to the police. Where is the police presence in west lincoln? Far too many cars speeding within town limits and zero enforcement! If you want to charge residents big city taxes then start providing the same level of service! Also a number of times we have filed a complaint regarding vehicles parked overnight on our street. No follow up or tickets issued while these cars spend days parked illegally against the towns own bylaws! Where is the tax money going if services are not being provided? No need to pay more taxes when service levels are not being met at this tax rate.	11/13/2021 10:25 AM
16	New development	11/9/2021 7:36 PM
17	i don't have streetlights, don't have sidewalks, and garbage pickup has been reduced	11/9/2021 4:06 PM
18	Like to see the township keep a bigger portion	11/9/2021 3:04 PM

Township of West Lincoln 2022 Budget Engagement Survey

19	Disappointed with lack of garbage pickup. Littering is a big problem. Burn permits cost money now and time restricted.	11/8/2021 11:07 PM
20	We finally got a paved road but still don't have proper ditches.	11/8/2021 9:56 PM
21	I am happy to see we are very cautious about incurring debt as we should not live beyond our means	11/8/2021 9:52 PM
22	I don't see any added value from my tax dollars. We have two roundabouts, and an arena that's hardly staffed. I feel more money could be used for "downtown" Smithville for a face-lift. The buildings look old and outdated. I do however like the new Smithville sign. Hopefully this year the snow removal will be a bit quicker as well.	11/8/2021 8:40 PM
23	Bulk of spending is in areas I don't live in/near and rarely have access to.	11/8/2021 8:28 PM
24	We pay an extraordinary amount of taxes and have septic and cistern and an unpaved road!!! There is an inequity in the amount we pay in comparison to others who benefit from more services	11/8/2021 6:59 PM
25	Rare to see any services in my rural area	11/6/2021 9:14 PM
26	I feel better attention to the rural roads is needed. In particular the stone grading over the last several years has been mediocre at best. Within a few weeks the pot holes are back. Figuring out why this is and how to remedy it should be a priority. The grader is out there but a less than satisfactory job is being achieved. Ensuring the tax dollars are not wasted should be top of mind for all.	11/6/2021 2:08 PM
27	As a rural resident I feel many services are available	11/6/2021 8:38 AM
28	Recently moved to area; cannot comment	11/6/2021 8:29 AM
29	No sewers, poor street illumination, not enough town events.	11/5/2021 9:38 PM
30	We live in the country. Only thing we use from the township is their roads We do not use the schools	11/5/2021 8:46 PM
31	Garbage is collected in a timely manner, road is maintained as well as I would expect a rural road to be in the winter. Access to township buildings etc	11/5/2021 8:25 PM
32	Our street has many potholes and has not been paved in at least 7 years (as long as we have lived in our home). Snowplough digs up the street each winter and puts the asphalt on our grass.	11/5/2021 5:44 PM
33	Money is spent on fixing the nice smooth roads instead of fixing the rough roads	11/4/2021 9:49 PM
34	Being new to Smithville, originally from a larger metropolitan city, I am impressed with the snow removal and quick responses to some questions I had.	11/4/2021 5:46 PM
35	We only get garbage pick up.	11/4/2021 5:00 PM
36	Seems relatively well balanced.	11/4/2021 3:33 PM
37	Where does the money go? With all due respect, I consider you guys mobsters. Take a dollar for yourselves and leave a cent for the sheep. I haven't seen any value of you taking my tax money.	11/4/2021 1:47 PM
38	A shift should happen to encourage less vehicle travel, sidewalks, bike paths that are not on main roads or well separated etc.	11/4/2021 12:33 PM
39	Roads and sidewalks are sadly in disrepair. Sadly for the amenities offered, our taxes seem quite high.	11/4/2021 11:56 AM
40	Other than having our roads plowed in the winter, we have no services to our property. Our garbage collection is shoddy.	11/3/2021 11:11 PM
41	Smithville is prioritized over everywhere else. We don't get any services except for snow removal and cutting the grass along the roads twice a year. Our paved roads were chip and tarred. Why would you cover pavement?	11/3/2021 6:33 PM
42	There was no reason to raise taxes for a new arena	11/3/2021 4:22 PM

Township of West Lincoln 2022 Budget Engagement Survey

43	Leisureplex closed in fall winter for walks around the track etc lack of facility rentals	11/3/2021 4:08 PM
44	Haven't got any complaints about my services (my Highway 20 sidewalk is plowed in the winter) but not sure of everything that is covered by this amount. I feel there should be a cap as to how much the taxes can go up any given year - just because all properties went up in value, many have suffered with the tax increase being so great.	11/3/2021 1:48 PM
45	Local services received: Ditch mowed (once, poorly), road plowed (destroyed mailbox), burn permit (strangely convoluted and now seems to cost money). Regional services are much better administered and provided - should get rid of local, it's not 1880 anymore - I can travel within an hour to government. Our "Mayor" is an embarrassment.	11/3/2021 12:42 PM
46	I love all of the improvements in smithville - murs centre, roundabouts	11/3/2021 2:40 AM
47	I see tremendous expenditures in the urban areas, but for years your attention to rural needs has been constantly decreasing. This includes the basics like cutting weeds along roads, grading and gravel maintenance, and water management on township property. It may not be your responsibility to drain farm fields but it is your responsibility to ensure ditches flow the water that enters them and that is not happening. I get that town growth means more expenditure is needed there. All I'm asking is to not have potholes in my road 9 months of the year	11/3/2021 1:18 AM
48	We live in the country, most of our services are provided by the Region. Not much interaction with West Lincoln services.	11/3/2021 1:08 AM
49	I feel that 33% is excessive as the average property is definitely not \$383,397 and more money than other municipalities (I'm being told). We do not have a watch program and night, crimes are excessive for a small town and no police in sight.	11/2/2021 9:07 PM
50	Bi weekly garbage collection is disgusting in the summer months	11/2/2021 8:49 PM
51	I rated this way because i believe the services are adequate but not excellent.	11/2/2021 8:34 PM
52	Outlying area so attention is in town more than rural area. Higher Density wins out.	11/2/2021 8:31 PM
53	Living on a gravel road, it does not get repaired/resurfaced frequently enough and usually has large pot holes likely due to the large vehicles that frequent the road.	11/2/2021 7:34 PM
54	Roads need a lot of work. No new industries in the township. It looks like it is slowly dying	11/2/2021 4:55 PM
55	I would love to see is some of the rural roads repaved, or switched from dirt/gravel to tar and chip. The amount of potholes is very hard on the vehicles (including the school bus)	11/2/2021 4:00 PM
56	I live in rural st. anns, where very little municipal services are provided other than road services. the rest of the services i recieve are regional such as waste collection, therefore i feel i am being over taxed for the services i recieve from the township	11/2/2021 3:59 PM
57	taxes go way up because of the influx of Toronto residents coming to our area, our wages and pensions have not kept up. With the increase population we really need more Police especially traffic police.	11/2/2021 12:18 PM
58	West Lincoln needs a business attraction and retention strategy. Compared to other municipalities, residential taxes are high due to a comparatively low business tax base. That puts the value in the fair range for me rather than good or excellent. I have no complaint about the services we receive in and of themselves .	11/2/2021 10:46 AM
59	Roads are garbage new arena doesn't even have grass by splash pads. Leisureplex is a disgrace from soccer fields,baseball diamonds to the running track. Get people with pride lawn looks like garbage.	11/2/2021 10:40 AM
60	Good but expensive Our taxes are ridiculously high. We are higher than Beamsville. Just as high or higher than Burlington or Mississauga. It's ridiculous.	11/2/2021 10:00 AM
61	There seems to be a good balance of service for the taxes, however, I disagree with the residents of Smithville paying for all of the lights (such as street intersections) and sidewalks (of which St. Anns, Silverdale and Caistorville have some).	11/2/2021 9:30 AM
62	We get basic services only therefore fair	11/2/2021 8:56 AM
63	Overall things are fine, but I can see obvious mis-spending and poorly thought out planning. Such as the sidewalk "fixing" along Hwy20 between Laki's and S. Grimsby Rd 5. Doing a	11/2/2021 8:53 AM

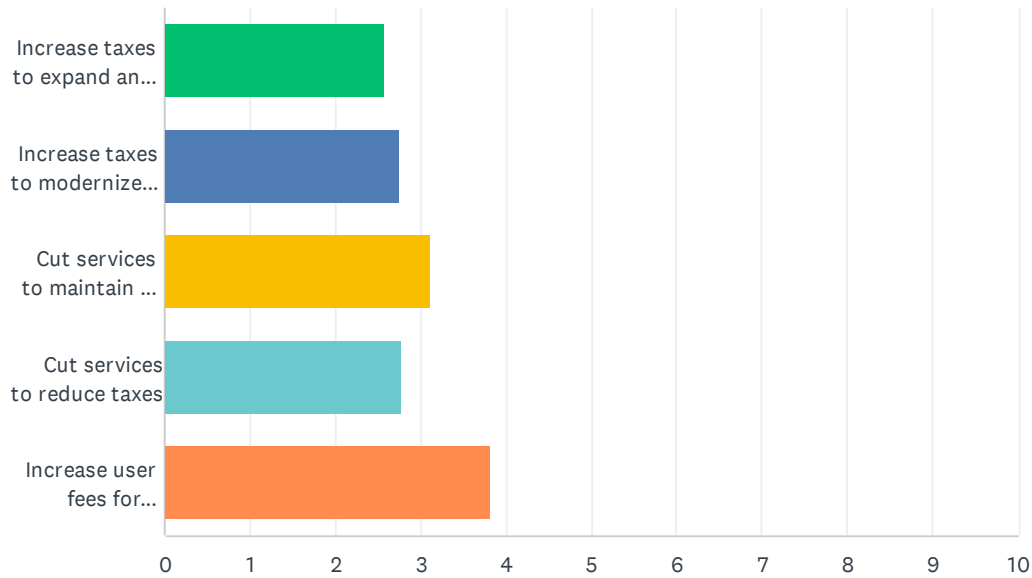

Township of West Lincoln 2022 Budget Engagement Survey

hodgepodge fix like that and not properly fixing the road/bike lane/shoulder was just poor planning, it should have been done fully and properly all at once, and the sidewalk should be extended on BOTH sides so kids don't have to cross. Also, the sidewalk crossing in front of the arena should be dealt with immediately, not later. Also, the path connecting wade should be redone, it's a tripping hazard.

64	Sounds fair at this time.	11/2/2021 8:14 AM
65	Street clearing in winter is good. However, arbor maintenance is poor. E.g. dead trees, trees that are still anchored after four years (that's detrimental); requests for public signage for animal waste clean up denied twice over 4 years, despite serious problem in boulevard.	11/2/2021 6:10 AM
66	Decisions are made for frivolous things, for a select few. Most families have trouble getting ends to meet, government should curb excessive spending	11/1/2021 11:31 PM
67	Roads are horrible. Garbage is every two weeks, my recycling is missed at least once every other month. Fortunately I live on the Haldimand border and they clear our roads.	11/1/2021 10:02 PM
68	If it was 3,500 it would be better. Upgraded street lights on non-slanted or curved poles, telephone wires below ground would be nice.	11/1/2021 9:38 PM
69	Other than snow removal , and garbage pickup , there are very few services that we make use of. I don't mind paying for services to keep a vibrant community , but as rates continually rise , the personal value for my dollar seems to go down.	11/1/2021 8:46 PM
70	There is room for improvement, would like to see better road maintenance	11/1/2021 8:24 PM
71	Roads in the rural areas of the township are poor. Especially compared to other rural municipalities like Norfolk/Dunnville area. Roads are kept up with gravel and graded so that they drain properly. Our gravel roads have very little gravel and when graded and it rains it turns to mud.	11/1/2021 8:06 PM
72	New housing should be paying for the upgrades and taxes that are going up	11/1/2021 7:53 PM
73	We live in a Condo development. Our tax dollars do not entitle us to street light maintenance, sidewalk or road repairs, flushing of water hydrants or sewer repairs unlike most of the rest of West Lincoln neighbourhoods. We do however receive garbage collection!!	11/1/2021 7:46 PM
74	Only garbage pick up monies are only allocated from taxes for town of Smithville and what total waste of tax dollars with the new fairgrounds	11/1/2021 7:29 PM
75	I live in the country...my road is gravel and full of potholes and is horrible. I have no sidewalks, no high speed internet and I do not receive any benefits from my tax dollars except snow removal and garbage pick up.	11/1/2021 7:11 PM
76	I wish more could be done for our rural roads - Sixteen Road is not in great shape in some areas and the speeding is becoming a serious issue. People running businesses out of residential properties is also a concern with increased truck and commercial traffic.	11/1/2021 7:09 PM
77	Roads in Western Niagara are some of the worst in the Province. Repair work makes it worse as workmanship is very poor and it is obvious those doing the work are not qualified and do not have to live with the results of their work.	11/1/2021 3:31 PM

Q7 Property taxes are the primary way to pay for services provided by the Township. Please rank the following options in order of preference, 1 being the highest.

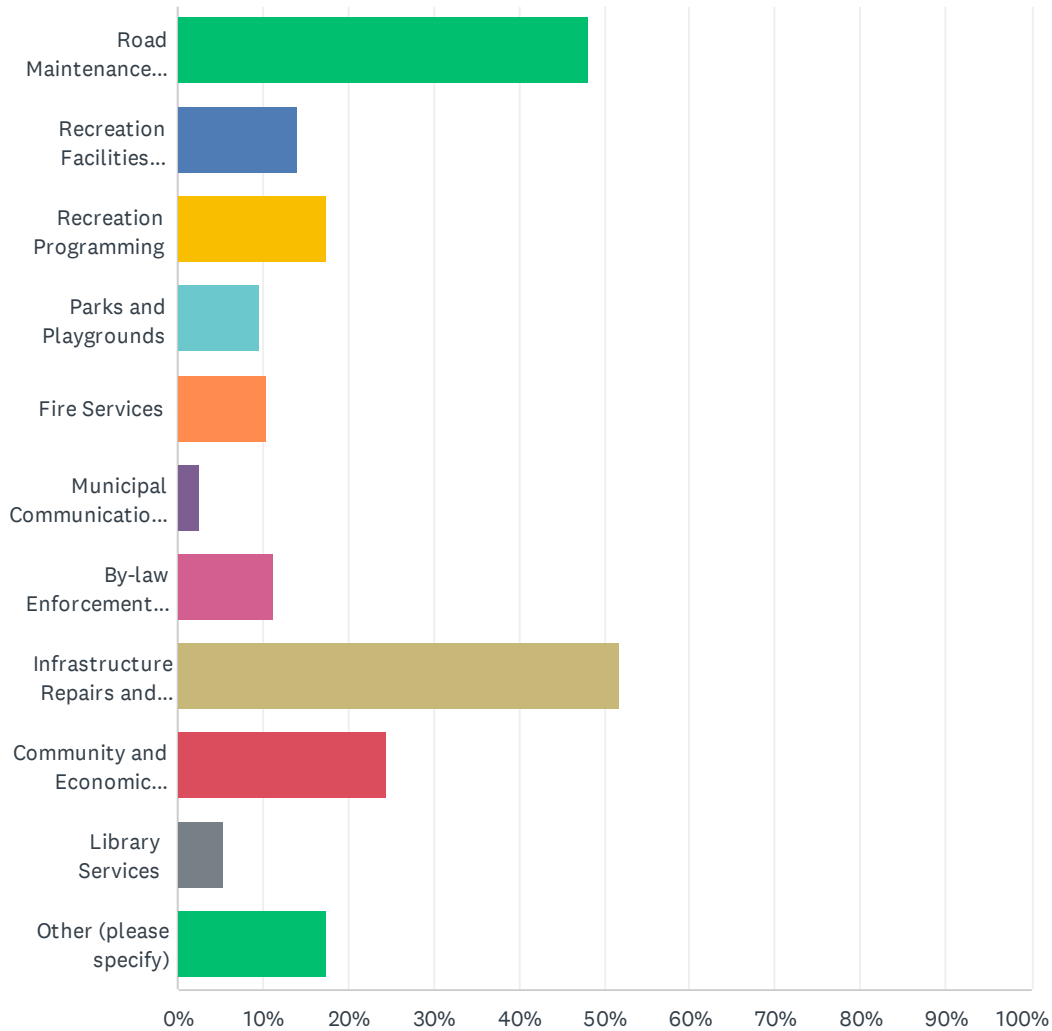

Answered: 114 Skipped: 44

	1	2	3	4	5	TOTAL	SCORE
Increase taxes to expand and enhance services	17.54% 20	10.53% 12	15.79% 18	23.68% 27	32.46% 37	114	2.57
Increase taxes to modernize and maintain services	5.26% 6	28.95% 33	17.54% 20	30.70% 35	17.54% 20	114	2.74
Cut services to maintain the current level of taxes	17.54% 20	21.93% 25	22.81% 26	28.95% 33	8.77% 10	114	3.11

1	McNally House	11/25/2021 7:16 PM
2	McNally House funding request	11/25/2021 7:17 AM
3	Please support the expansion of McNally House Hospice.	11/24/2021 11:01 AM
4	Rural roads! Everything should be tar and chip at the very least. It saves tax payer dollars in the long run!	11/18/2021 4:33 PM
5	Swimming Pool!! We have this beautiful arena, which millions was spent on. But what about also think of older people and their health (also of young people!). I have tried the Y in Grimsby, but all together the extra driving time and more things, make it not nice to go there. WL is a fast growing time, why not add an indoor pool to the arena? Heating could nicely come from cooling the ice, or... I know it's not cheap, but neither is the skating rink. I think it's better not to mention speed skating :)	11/17/2021 1:06 PM
6	This response is on behalf of Smithville Christian High School, and we are specifically requesting that the disc golf course proposal for the Community Park in Wellandport be implemented, perhaps via a phased-in approach. The results of the grant application process were disappointing but the benefits of disc golf as a local low-cost, all-ages, intergenerational, active, and healthy recreation amenity and as a tourism draw are worth the low cost to begin installing the course -- hopefully the first but not the last. Please talk to us to discuss how this could be done!	11/15/2021 12:47 PM
7	Active transportation! Safe cycling and pedestrian infrastructure, for local residents and for tourism.	11/15/2021 12:10 PM
8	Rural Fibre Expansion, an indoor pool next to the community centre that offers swimming lessons and classes	11/6/2021 8:38 AM
9	Cut the taxes of rural communities that do not utilize the township amenities	11/5/2021 8:46 PM
10	Development of West Lincoln as an "Age-Friendly" Community- use the PHAC model to make this happen. We want to depend less on car travel and more on walking or riding bikes- that's better for our health and the environment.	11/4/2021 5:46 PM
11	Tree cutting, grass cutting around ditches.	11/4/2021 1:47 PM
12	by-law enforcement should pay for itself, increase budget should result in increase returns. Suggest photo-radar instead of wasting police officers time pulling over speeding infractions.	11/4/2021 12:33 PM

Township of West Lincoln 2022 Budget Engagement Survey

13	You close the only park in fall and Winter because of vandalism by 1 group of kids! And punish the community for half a year to go in there to walk the track and take the kids to play on the fields...	11/3/2021 4:08 PM
14	I previously would have said to expand recreation programming and facilities in our area but with a mandate for Covid passes for anything, and my refusal to go along with sharing my private health information except if I am currently sick, I will have no access to these, along with others. I feel that programs like these, especially those supporting mental health through group activity and exercise, should be considered essential for all.	11/3/2021 1:48 PM
15	local policing	11/2/2021 9:07 PM
16	Police presence	11/2/2021 8:34 PM
17	police services, area seems to be underserved especially traffic.	11/2/2021 12:18 PM
18	More police presence in area. Perhaps a sub station	11/2/2021 8:56 AM
19	Aborigiculture Department	11/2/2021 6:10 AM
20	Focus on collecting relevant data to inform the 2022 Budget. Is this asking that more money should be given to these areas, or that we would allocate more of an existing budget here? Road maintenance and infrastructure repairs are very important. By-law enforcement should collect a percentage of the tickets they give out, and generate revenue rather than more \$\$ going into something that should make money for a township. Recreation programming should work in partnership with sponsors such as heart and stroke etc, to discount services and make them accessible, rather than tax \$\$\$. Parks and playgrounds are nice but only target a specific demographic. However, If it is about making more greenspace then I am all for it. I'd need to see more information on economic development, most of this takes the form of grants that go back to select individuals or covering costs on pointing to business registration.	11/1/2021 9:38 PM

Q9 Please select why you believe more tax dollars should be spent on these two (2) service areas.

Answered: 113 Skipped: 45

I am satisfied with these service areas, however, I would welcome further enhancements.	45.13% 51
I am dissatisfied with these services and think they need improvements.	44.25% 50
Other (please specify)	17.70% 20
Total Respondents: 113	

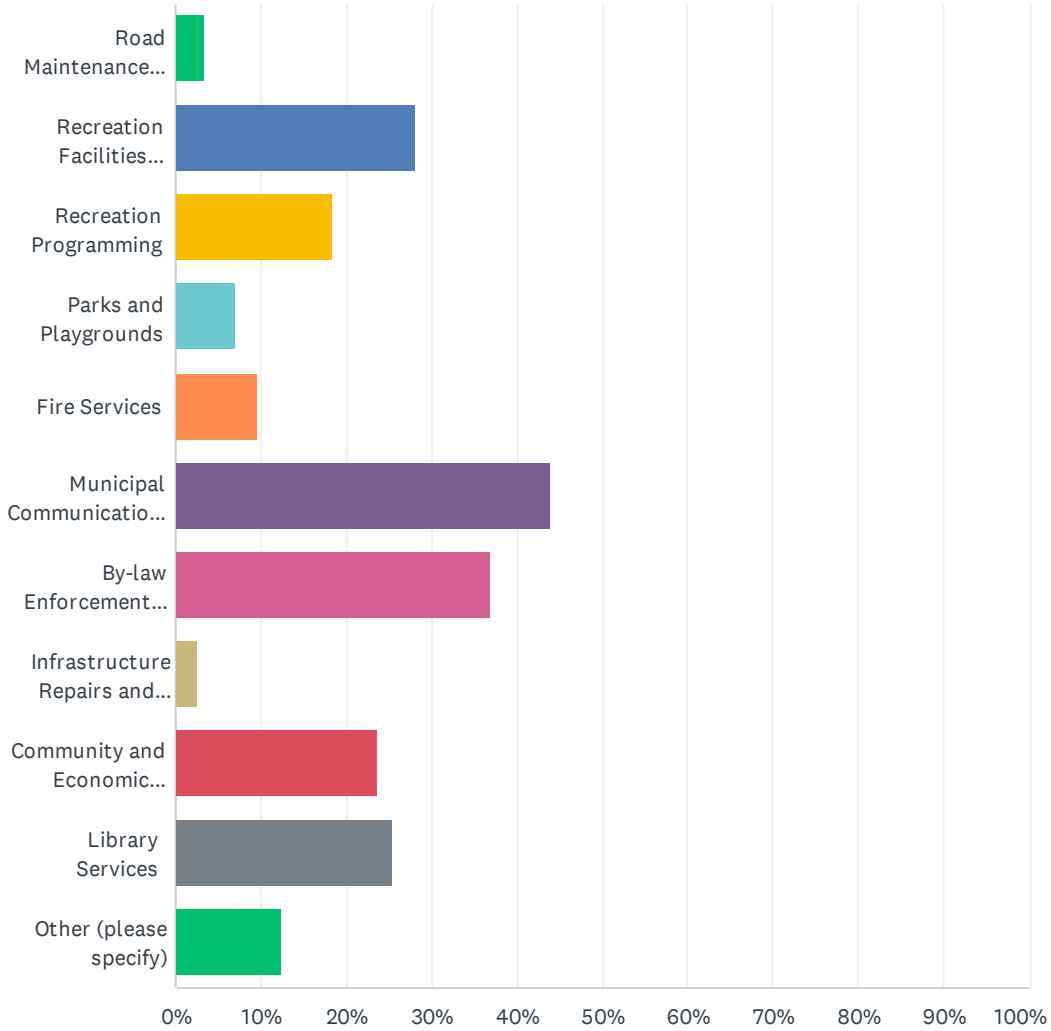

#	OTHER (PLEASE SPECIFY)	DATE
1	The Regional police need to be asked by the Municipality to increase there patrols.	11/28/2021 10:26 AM
2	\$14,000 a year, for five (5) years, is a small cost to ensure these services are accessible to West Lincoln residents. The more available hospice space at McNally House, the less need for West Lincoln residents to have their loved ones outside of West Niagara during their time of need. The cost to the taxpayer will be less than \$1 per year. There is widespread support for McNally House throughout the community. This would be an investment in West Niagara, not just a donation. The health and welfare of our community should be a priority of the municipal council. The expansion will provide support to hundreds more people per year and their families.	11/25/2021 7:17 AM
3	Infrastructure, roads: Bike lanes. and not a part of a road after which it suddenly stops again.	11/17/2021 1:06 PM
4	There has been huge improvements to the Town's social media account. I am more informed and feel more engaged in the community.	11/16/2021 9:16 PM
5	Smithville Christian High School would like to partner with the Township of West Lincoln to help provide more recreation amenities to our growing municipality.	11/15/2021 12:47 PM
6	Community and economic development will hopefully be the engine that drives improvements in all the other domains. I wanted to choose parks, libraries and recreation (facilities and programming) because these things enhance the quality of life.	11/15/2021 12:10 PM
7	Everybody uses the roads and infrastructure	11/14/2021 6:29 PM
8	Elcho road repairs made the road worse	11/5/2021 8:46 PM

Township of West Lincoln 2022 Budget Engagement Survey

9	re Age-Friendly Community- Residents 60+, I assume, are increasing in number.	11/4/2021 5:46 PM
10	ease of other means to get around town in place of cars are far and few between. Also traffic flow needs to be addressed (replace expensive traffic lights with roundabouts)	11/4/2021 12:33 PM
11	No point	11/3/2021 4:08 PM
12	Do not think more tax dollars should be spent.	11/3/2021 1:48 PM
13	We need to get tougher on street parking.	11/3/2021 2:40 AM
14	More children programming would be ideal, although may be limited due to Covid right now.	11/2/2021 7:34 PM
15	A lot of vandals roaming streets at night. Thefts. Also more recreational programs for seniors	11/2/2021 8:56 AM
16	Maintain what we have and have options for children (keep children engaged and out of trouble)	11/2/2021 8:14 AM
17	Roads are horrible. Libraries are great but could do more with better funding	11/1/2021 10:02 PM
18	These are important elements of	11/1/2021 9:38 PM
19	Not enough. For example, we have to travel outside our area for kids programs	11/1/2021 6:11 PM
20	We need a pool. Residents are going to Hamilton, grimsby and dunville for swimming lessons. The baseball facilities at Abbingdon, Caistor community centre are in need up updates. Caistor Centre lost FORT programming and bussing into Smithville location was never offered to the Caistor kids where as before they had a bus to the Caistor location	11/1/2021 2:42 PM

Q10 Select two (2) service areas where you would like to see fewer tax dollars spent.

1	Why are there no questions pertaining to the Region? The Township needs to pull them into line. Example no vetting of contracts. Costing millions of \$\$\$.	11/28/2021 10:26 AM
2	No room for reduction in services. BUT there do seem to be areas of waste. Quick example due to the extremely poor road surface on Twenty Rd holes require constant repair. " how many times should the township need to fix a dangerous hole in the road? ONCE if done right".	11/25/2021 7:17 AM
3	Difficult to judge I just picked two because I had to	11/17/2021 1:06 PM
4	We do not feel that we should weigh in on this topic of cutting spending, but had to select something in order to be able to submit the survey. :)	11/15/2021 12:47 PM
5	I am unable to chose any. If we take dollars away then how do we maintain what we already have?	11/5/2021 8:19 PM
6	one electronic newsletter found on the website is all that is required	11/4/2021 5:46 PM
7	Politicians bank accounts.	11/4/2021 1:47 PM
8	by-law enforcement, see previous comment	11/4/2021 12:33 PM
9	I feel we are spending well on areas that need it as they arise. I don't think any one or two is receiving too much, maybe as I have not had to use many of these services.	11/3/2021 1:48 PM
10	N/a	11/3/2021 2:40 AM
11	the silly town of smithville sign, losing out on parking where that area was put in	11/2/2021 9:07 PM
12	...	11/2/2021 12:14 AM
13	I have no idea what community and economic development actually does. And most byelaws are a waste of time.	11/1/2021 10:02 PM
14	None.	11/1/2021 3:31 PM

Q11 Please select why you believe fewer tax dollars should be spent on these two (2) service areas.

Answered: 111 Skipped: 47

ANSWER CHOICES	RESPONSES
I am satisfied with these service areas and think that tax dollars would be better used on other areas.	45.05% 50
I do not feel that these service areas require as much as attention as the Township is giving them.	47.75% 53
Other (please specify)	9.91% 11
Total Respondents: 111	

#	OTHER (PLEASE SPECIFY)	DATE
1	Again stop waste	11/25/2021 7:17 AM
2	As I said - hard to judge, and as I said: had to pick two	11/17/2021 1:06 PM
3	The library is much higher end than needed for this small community. Is there a large percent of the community requesting by-law officers?	11/14/2021 6:29 PM
4	See answer above	11/5/2021 8:19 PM
5	Waste of money. Who the hell uses that crap? I'd rather have politicians putting it in their bank accounts then having it spent on BS.	11/4/2021 1:47 PM
6	Community and economic developments comes out with reports that end up on file shelves, better use of community engagement is important, but programs have not really reached everyone.	11/4/2021 12:33 PM
7	NA	11/3/2021 1:48 PM
8	...	11/2/2021 12:14 AM
9	I think there is room to make these entities to generate revenue for the Town.	11/1/2021 9:38 PM
10	NA	11/1/2021 3:31 PM
11	Seems to be a lot of Unnecessary spending on errors in the roads made during original repairs. Need to get things done right the first time. Same roads are constantly being worked on and other neglected.	11/1/2021 2:42 PM

Q12 Please provide any additional comments or suggestions that you would like to be considered during the 2022 Budget deliberations.

Answered: 33 Skipped: 125

#	RESPONSES	DATE
1	Budget should go towards urban trails and shopping plaza	11/30/2021 10:05 AM
2	Given the large increase in this year's budget, give the homeowner a break in next year's budget...if necessary, see how the Town of Lincoln does it.	11/29/2021 6:39 PM
3	We are growing as a community, the community centre was a great step and is being used and enjoyed by all. There is no reason why tax payers on frequently travelled roads such as south grimsby rd 7 should be a dirt road with pot holes that are larger than some children. Thanks	11/18/2021 4:33 PM
4	People can get jobs anywhere at the moment. If you want to save money, try to get people who's work is not satisfying, to find a better suiting job than WL township. Also always ask yourselves - why are we spending this money. With my background in business finances I have saved the company lots of money	11/17/2021 1:06 PM
5	If there is someone with whom we should connect about the disc golf course, or any further follow-up that you recommend, please let me know. Thank you very much. Marlene Bergsma mbergsma@smithvillechristian.ca	11/15/2021 12:47 PM
6	Try lowering taxes instead of increasing them. People need to operate within a budget. If we can't afford something, it should wait.	11/14/2021 6:29 PM
7	The tax rate here does not need to increase any more than what it is now! Far less services provided now including cutting back garbage collection. If the town wants more revenue then start enforcing bylaws and start ticketing where appropriate.	11/13/2021 10:25 AM
8	Looking at the overall budget and that a majority of funds go to pay employees I often wonder is there a way to save by contracting out some services.	11/6/2021 2:08 PM
9	Transition to more digital where a small service fee is attached much like the fire permit program.	11/6/2021 8:38 AM
10	Add Events Coordinator position.	11/5/2021 9:38 PM
11	Get rid of the Mayor.	11/5/2021 8:19 PM
12	re "Age-Friendly" Community- To increase our safety, there has to be a way to reroute the heavy truck traffic away from the town centre (the area where the CIBC is located). Are the roadbeds built to withstand the pounding from these trucks? The bike repair station is a great idea, but is it being used, is it safe? There needs to be more varied amenities that welcome 60+ people to the town centre. I would love to meet with friends at a coffee shop, other than Tim Hortons. Tims is too far to walk and I would rather spend my money in a local shop not a major franchise. There is a store front with a possible patio area at the town centre, but it is empty. Why? Couldn't there be an incentive offered to attract such a local based land use? Also another food store is a must. With only one located on Industrial Rd there is no competition. The prices are too high and therefore my family and I would think others as well will go out of Smithville to grocery shop. I would think that Smithville would like its residents to leave their money here. Once the Community Centre fully reopens, I hope there will be programs / workshops geared to the 60+ crowd. I decided to move to Smithville for the small town feel, fresh air and a slower pace. But I would like to see some economic development focused on my age group. I would even throw my hat into the ring to sit on such a committee to help this work.	11/4/2021 5:46 PM
13	Stop wasting money on stupid stuff that isn't needed or required. Don't even think about taking a penny for yourselves.	11/4/2021 1:47 PM
14	Replace expensive traffic lights and dangerous 4-way stops with roundabouts.	11/4/2021 12:33 PM

Township of West Lincoln 2022 Budget Engagement Survey

15	Sell the new arena to private business and lower our taxes	11/3/2021 4:22 PM
16	NA	11/3/2021 1:48 PM
17	As I mentioned, I don't have much interaction with the Township so if the Region dissolved them, I wouldn't really notice.	11/3/2021 1:08 AM
18	I wish there was some control on the cost of housing, to buy or rent as well as for stores. I feel that we need some night time watch program as the crime rate has drastically increased.	11/2/2021 9:07 PM
19	Every level of government is looking to the tax dollar to help them out and every taxpayer is bringing home less and less because of this, inflation is spiking, we need a break. There is not enough to go around. WL needs to focus more on developing a larger business tax base and less on a homeowner for it. Separately, I am hearing from numerous residents trying to improve their properties that are going through too much red tape trying to get permits but also now have to deal with calls to town staff that go unreturned.	11/2/2021 8:34 PM
20	More businesses. Town growing and nothing to do, places to eat, local job creation. Still cant figure out why beer store closed.	11/2/2021 8:31 PM
21	Growth is important just do it smart. Infrastructure needs to keep up and the environment need to be considered carefully	11/2/2021 12:18 PM
22	Put Smithville on the map for sports venues...we keep teaming up with Lincoln and grimsby yet everything we have is a joke compared to them. Road repair and done right when we get it done	11/2/2021 10:40 AM
23	Seems to be the focus is to grow rapidly within Smithville. Every decision is focused on that growth. When we aren't even properly maintaining what we already have. Forget growth and bringing more people in, let the people that have spent their lives here have a safe, clean, organized and enjoyable small town, because that's all we want.	11/2/2021 8:53 AM
24	Growth is always good however lets make it a slow and steady pace please. Small towns are gems!	11/2/2021 8:14 AM
25	Reassess older homes for property taxes, that share same market value as newer homes, in order to equalize property taxes.	11/2/2021 6:10 AM
26	By-law enforcement should collect a percentage of the tickets they give out, and generate revenue rather than more \$\$ going into something that should make money for a township. This works very well in Bermuda with a population of 65K people, and could extrapolate that success here. Recreation programming should work in partnership with sponsors such as heart and stroke etc, to discount services and make them accessible, rather than tax \$\$\$. Parks and playgrounds are nice but only target a specific demographic. However, If it is about making more greenspace then I am all for it. I'd need to see more information on economic development, most of this takes the form of grants that go back to select individuals or covering costs on pointing to business registration. PS. (Also related to by-law enforcement and administrative responses from the township) I have contacted the Township through several emails through various emails (not this one) and have never received a response. I do enjoy living in this town, and what it has to offer, but I voice my concerns because I care, and I think we can do better together.	11/1/2021 9:38 PM
27	As taxes rise on an annual basis , not only property taxes , but general cost of living , my income is a fixed retirement income , and I ask for those who make these decisions to keep in mind , this fact that many in our community face as well. Thank you.	11/1/2021 8:46 PM
28	I don't like the fact that we have two levels of government, the Region takes most of the taxes and the dollars don't stay in West Lincoln	11/1/2021 8:24 PM
29	New housing should pay for infrastructure. Raise their taxes and leave original smithville residents alone. We can't afford it	11/1/2021 7:53 PM
30	I am so happy with our beautiful new arena facility - however, I find our recreation services to be struggling. Granted we have been dealing with Covid, but I would love to see more activities and fitness classes at the arena. Some of our facilities are also quite lacking - Abington Hall hasn't seen an update in a number of years. The new library is also beautiful - but I do not feel it necessary to have self checkouts and the most current technology, it just isn't busy enough. Perhaps a collaborative effort from the recreation department and library services could turn into something great.	11/1/2021 7:09 PM

Township of West Lincoln 2022 Budget Engagement Survey

31	Infrastructure work is necessary to increase economic development. West Niagara roads are some of the worst in the Province and need attention - the patch work repairs only make the situation worse.	11/1/2021 3:31 PM
32	Would like to see the playground Caistorville Library was promised finally installed	11/1/2021 2:42 PM
33	Is it possible to spend the money we "need"to spend and not what we "want" to spend. Better asset reliability programs would give a better idea of where money needs to be spent.	11/1/2021 1:30 PM
